WILSON FIRM IN MEXICO POLICY

Deplores Carranza's Attitude; Expects Him to Begin Border Hostilities

WAR DECLARATION FROM HUERTA EARLY EXPECTED

Will Restore Arms Embargo; Warns Bliss Against Raids on Border

WASHINGTON, April 23.—The War Department has completed the draft of a call for a quarter of a million volunteers. It will not be issued unless necessary, but the War Department believes it will be necessary soon.

UNITED STATES RESTS SITUATION WITH HUERTA

The entire Mexican situation rests with Huerta tonight. With the severance of diplomatic relations by issuing passports to Charge d'Affaires O'Shaughnessy at Mexico City, the way has been paved for a formal war declaration, which is expected momentarily from Mexico City. The State Department will make absolutely no further move unless forced to do so, until Huerta acts. No communication has been received from Mexico City late this afternoon, and it is not known whether Huerta has taken a declaration of war before his Congress or not, but it is believed unofficially that he may now be acting.

Four thousand marines have already been landed at Vera Cruz, and Tampico is safeguarded. United States ships are moving down the west coast of Mexico, the army and militia are ready for instant mobilization and all departments are prepared to act at once.

President Wilson, after informing General Carranza that the Americans will not retire from Vera Cruz, held a conference with his advisers tonight.

PRESIDENT DEPLORES ACTION OF CARRANZA

WASHINGTON, April 23.—President Wilson announced today that he will refuse to abandon the present campaign against Huerta despite Carranza's threats that the rebels will join the federals. He deplored Carranza's action, insisting that the American and Mexican people are friendly, but declared that he will not temporize with Huerta. Officially, he admitted the seriousness of the situation is multiplied by Carranza's attitude.

Plans were launched for a general broadening of naval work on both coasts. Another regiment of marines will start for Vera Cruz today. Official dispatches confirm the report of eight additional deaths of Americans at Vera Cruz yesterday, making a total of twelve deaths, with 35 wounded among the Americans. Washington officialdom expects Carranza to start hostile operations along the border when he is informed of the President's refusal to evacuate Vera Cruz. It is known he has already been exchanging communications with Huerta. It is believed that Huerta has a formal war declaration prepared, and is waiting to present it to the Mexican congress when he learns that Mexican Charge d'Affaires Algras has secured passports. It is expected he will issue an amnesty proclamation extending the olive branch to the constitutionalists.

General Bliss has been warned to prepare to prevent raids on the border camps. It is understood that the administration will accept the recommendation of the national defense council to restore the embargo on munitions for the rebels as well as the federals, although this had not yet been done this forenoon.

PROPOSED NAVAL ACTIVITY CAUSES HURRIED ACTION

News of the extension of naval activities was circulated soon after a conference of President Wilson and his closest advisers at 9 o'clock this morning. Secretary Bryan and Counselor Lansing of the State Department attended the conference. The officers in charge of the contemplated naval movements hurried to their desks upon the receipt of the messages. Guards stationed outside excluded all visitors. Secretary of War Garrison conferred with his general staff, but refused to intimate that he contemplated action.

REFUGEES BEING FAST SENT OUT OF MEXICO

Admiral Badger telegraphed today from Vera Cruz that he is sending the Ward liner Esperanza with 400 refugees to Galveston, whence the ship will return here for another load of refugees. He also has chartered the steamer Mexico, which will leave with the collier Cyclops for Tampico to remove refugees. Another ship will be sent to Tuxpan.

Admiral Badger wirelessly the fol-

HUERTA PLANNED TAMPICO ATTACK ON U. S. MARINES

WASHINGTON, April 23.—That General Huerta deliberately planned the arrest of American blue-jackets at Tampico and other offenses against the United States with a view to bringing on armed intervention and uniting all the Mexican factions behind him, was the substance of a letter received by a high government official today from an authoritative source in Mexico City.

Following message to the Navy Department:

"By the courtesy and energy of captains of German and British cruisers, 1200 American refugees are now aboard ship in this harbor."

GOV. WEST ISSUES CALL FOR VOLUNTEERS

SALEM, Oregon, April 23.—Governor West has issued a call for a volunteer cavalry regiment which will be offered to the president.

\$142,000,000 NAVY FUND MAY BE USED AT ONCE

WASHINGTON, April 23.—The House Naval Affairs Committee plans to make available immediately \$142,000,000, appropriation in the annual naval bill. The Republicans have agreed to this plan.

TWO CLEAN UP DAYS STILL REMAIN

Cleaning Started Monday, But Much Remains to Be Done

Did you clean up yesterday? Are you going to clean up today, or will you put it off until the end of the week?

Or will you neglect it altogether, pay no attention to the clean-up campaign until your baby is taken sick from drinking milk tainted by a fly that had crawled over it? This danger confronts you and your family and if something of this character does occur to you you will have only yourself to blame.

Clean up and paint up week started Monday with a lot of enthusiasm and with a lot of work. Maybe it will not show for a few days, but it will show before the end of the week. There seems to be no doubt but that the people of Santa Ana realize the danger from epidemics that might be the result of an unclean city. Garbage and refuse should be cleaned from every corner of the yards and alleys and the breeding places for disease stamped out in that way.

The "Clean-Up Week" movement has been heartily endorsed by the Elbel executive board, the Chamber of Commerce, the City Trustees, and other organizations, looking toward making Santa Ana a "spotless" town.

Dr. J. I. Clark, city health officer, approves the clean-up idea and recommends that all refuse be removed, the alleys cleaned, barn-yards and backyards put in sanitary condition and every cause tending to produce illness be given attention.

The organizations approving this movement feel that the citizens of Santa Ana have sufficient pride in their city and in their homes to aid the movement. They realize that good cities are those which are run by public-spirited officials with the co-operation of an intelligent citizenship, and which are therefore clean and beautiful. Probably several millions of disease breeding unwholesome flies were destroyed in the first day's work of cleaning up and if the good work continues through the week the necessity for a strenuous fly swatting campaign may be eliminated.

RIVERSIDE MEXICANS BUYING UP WEAPONS

RIVERSIDE, April 23.—Local Mexicans are reported disposing of horses and such other personal property as they possess, while dealers in weapons say they are buying all kinds of guns, knives and ammunition since war talk has been circulated.

Mexicans who work in fruit camps and on railroads are evidently worked up over the rumors from their native land. It is estimated that Riverside county contains more than 7200 Mexicans.

KING GEORGE AND QUEEN MARY END PARIS VISIT

PARIS, April 23.—The king and queen of England started for London today after a three days' visit here as guests of the nation.

CHAS. GARRISON VICTIM OF CAVE-IN AT POMONA

POMONA, April 23.—Charles Garrison, aged 22, employed at Pomona College, was buried today by a cave-in during excavation for a new building on the campus. He died before he could be rescued.

\$10 MINIMUM WAGE FOR WOMEN OF WASHINGTON

OLYMPIA, Wash., April 23.—The State Minimum Wage Commission last night fixed the minimum wage for women workers in mercantile establishments at \$10 a week in conformity with the recommendations made by the conference of employers and employees held here two weeks ago. The minimum wage for apprentices was fixed at \$6 a week for the first six months and \$7.50 a week for the next six months.

FLAMES DESTROYED 150 HOMES IN BISBEE, ARIZ.

BISBEE, Ariz., April 23.—Fire started by children with matches, practically wiped out the section known as the Johnson Addition to Bisbee. The homes of 150 families were destroyed with a loss estimated at more than \$100,000. A committee has already raised \$5000 for the relief of the homeless.

CHICAGO GIRLS' CLUB MAY HAVE "SPOONING" PARLOR

CHICAGO, April 23.—The building of a girls' club with a "spooning parlor" is under discussion by the committee of women appointed by Mrs. Potter Palmer, former president of the board of lady managers of the 1893 World's Fair, to dispose of \$100,000 gained from the sale of souvenirs during the exposition.

URUGUAY WILLING TO SIGN U. S. PEACE TREATY

WASHINGTON, April 23.—Uruguay's willingness to sign a peace treaty with the United States, along the lines of those already signed by Secretary Bryan with many other nations, has been communicated to Mr. Bryan by Dr. De Pena, Uruguayan minister in Washington.

SIX INCHES OF SNOW FALLS ON MT. WILSON

PASADENA, April 23.—Six inches of snow has fallen on Mt. Wilson up to last evening and the entire mountain range is covered. The same amount has fallen on Mount Lowe. Owing to the warm sunshine the snow melted almost as soon as it fell. The entire mountain range back of Mount Wilson is covered with snow.

CARRANZA WAITS ANSWER OF WILSON

Refuses to Outline His Future Action—Offers Protection to Americans

REBEL CHIEF DEMANDED VERA CRUZ EVACUATION

Implied Will Make Common Cause With Huerta in Case of U. S. Refusal

CHIHUAHUA, Mex., April 23.—"I cannot tell what action I will take if the United States does not withdraw American troops from Vera Cruz," was General Carranza's statement today. "I will be guided in my future acts by the answer the American government makes to my message."

Carranza announced that he will fully protect all Americans in rebel territory until they have been escorted to the border. He said he would furnish trains, provisions and protection for that purpose.

CARRANZA'S DEMAND FOR U. S. TO QUIT VERA CRUZ

CHIHUAHUA, Mex., April 23.—Replying to a telegram from Secretary Bryan at Washington, General Carranza telegraphed that the United States is not justified in occupying Mexican territory. He said in part: "The invasion of your territory and the permanence of your forces in the port of Vera Cruz, or the violation of the rights that constitute our existence as a free and independent sovereign entity, will drag us into an unequal war with dignity, but which until today we desired to avoid."

"I invite you solely to suspend the hostile acts already initiated, ordering your forces to evacuate all places which they hold in their power... in the port of Vera Cruz, and to formulate before the Constitutional government, which I represent as the Constitutional government of the state of Chihuahua and first chief of the Constitutional army, the demand on the part of the United States, for the acts which recently originated at the port of Tampico, in the security that the demand will be considered in a spirit of elevated justice and conciliation."

ALHAMBRA OPENED NEW CITY HALL LAST NIGHT

ALHAMBRA, April 23.—The new city hall was formally opened last night and the building was thronged with visitors from Pasadena, South Pasadena, El Monte, San Gabriel and Monrovia until a late hour.

Senator Thompson and John D. Reavis, first president of the San Gabriel Valley Inter-city Commission, made the addresses of the evening.

HOG CHOLERA HAS COST THE NATION \$75,000,000

WASHINGTON, April 23.—Experts of the Department of Agriculture estimate that the annual loss from hog cholera in the United States is \$75,000,000. They regard the eradication as one of the most serious problems that face the bureau of Animal Industry, for the loss caused by it is approximately as great as that from all other animal diseases combined.

ORANGE SHIPMENTS BIG AT RIVERSIDE

RIVERSIDE, April 23.—Shipments of oranges from this district during the past week totaled 177 cars, making a total for the season of 2215 cars of oranges and twenty-two cars of lemons. The prevailing rains have checked picking, but many packing houses have enough fruit on hand to keep them busy packing several days, hence it is estimated that none will need to shut down for lack of fruit.

WILL BUILD ARCHWAYS TO JUSTIFY NAME "GATE CITY"

SAN BERNARDINO, April 23.—The city council has approved the suggestion of John S. McGroarty to build archways or gates at the outskirts of the city to welcome the stranger as well as to symbolize the title of the town, the Gate City. The first one will be built on West Fourth street or San Bernardino avenue.

CHICAGO GIRLS' CLUB MAY HAVE "SPOONING" PARLOR

CHICAGO, April 23.—The building of a girls' club with a "spooning parlor" is under discussion by the committee of women appointed by Mrs. Potter Palmer, former president of the board of lady managers of the 1893 World's Fair, to dispose of \$100,000 gained from the sale of souvenirs during the exposition.

URUGUAY WILLING TO SIGN U. S. PEACE TREATY

WASHINGTON, April 23.—Uruguay's willingness to sign a peace treaty with the United States, along the lines of those already signed by Secretary Bryan with many other nations, has been communicated to Mr. Bryan by Dr. De Pena, Uruguayan minister in Washington.

SIX INCHES OF SNOW FALLS ON MT. WILSON

PASADENA, April 23.—Six inches of snow has fallen on Mt. Wilson up to last evening and the entire mountain range is covered. The same amount has fallen on Mount Lowe. Owing to the warm sunshine the snow melted almost as soon as it fell. The entire mountain range back of Mount Wilson is covered with snow.

TRUSTEES VACANCIES FILLED LAST NIGHT

ORANGE, April 23.—Last night the City Trustees appointed C. P. Newton, a bicycle dealer, and O. E. Gunther, a harness dealer, as City Trustees to fill the vacancies caused by the resignations of G. G. Richards and A. Dittmer. The board started upon an issue of \$10,000 for building the East Chapman bridge.

FORBID ARMS TO GO OVER BORDER

Neither Mexican Faction to Receive Munitions Via El Paso Customs House

MARTIAL LAW FOR VERA CRUZ IS THREATENED

Fear for Americans in City of Mexico—Soldiers Guarding U. S. Embassy

EL PASO, April 23.—Customs Collector Cobb has been notified to prevent further exportations of arms and any Mexican faction. A quantity of ammunition for the rebels was due today.

NOGALES CITIZENS ARM FOR BORDER DEFENSE

NOGALES, Ariz., April 23.—A guard of citizens is arming for protection of the border in event of attack by Mexicans. The Mexicans are strengthening their defenses at Nogales and Sonora opposite here. The present population of both towns is 5000, the Mexicans considerably exceeding the Americans.

BRITISH CONSUL ORDERS ENGLISH FROM MEXICO

DOUGLAS, Ariz., April 23.—J. T. Paxton, English vice-consul at Douglas, last night ordered all British subjects out of Mexican territory. He acted on instructions from British Ambassador Sir Cecil Spring Rice at Washington.

FLETCHER MAY PROCLAIM MARTIAL LAW AT VERA CRUZ

VERA CRUZ, April 23.—Admiral Fletcher is having little success in his attempt to get municipal business transacted by the Mexican authorities under his direction. Unless they speedily show a disposition to cooperate, he will take direct charge, placing the city under martial law. He has planned another proclamation urging the people to return to their regular pursuits.

AT 10 O'CLOCK DIRECT COMMUNICATION WITH MEXICO CITY BY WIRE WAS AGAIN INTERRUPTED.

FEAR FOR AMERICANS IN CITY OF MEXICO

NEW YORK, April 23.—Private messages from Mexico City said that crowds are gathering in the streets and that it was feared Americans would be attacked. No word was received of actual disorders. A regiment of soldiers is guarding the American embassy. The ammunition stored there has been removed. The strictest news censorship prevailed.

OTHER SIDE OF THE STORY NOW TOLD

Some of the contestants in the fracas which took place on Spurgeon street Saturday night declare that a published report to the effect that Claire Buchanan, Frank Partridge and Fred Young "set out to give Harry Leach a 'lickin'", is erroneous. According to three of those interested in the matter there was no intention on the part of any one to give anyone a "lickin'." They say that Leach "made a pass" at Partridge just after one of the dances at the Moose Hall. Partridge left the hall and went down stairs. As Fred Young started to follow Partridge Leach accosted Young, asking him if he (Young) was one of Partridge's friends. Young replied in the affirmative and the two, Young and Leach, went downstairs where friends of the pair succeeded in separating them before many blows were struck.

Young was standing talking to his friends, out in the street, and had started back up on the sidewalk when Leach hit Young while his back was turned. Buchanan, who had been merely an interested onlooker, became angered at this move on the part of Leach and struck Leach, knocking him down. This is the story given out by Buchanan, Young and Partridge. The latter says he was not mixed up in the fighting. He pleaded guilty to the charge of disturbing the peace merely in order to save further annoyance. The former published statement seems to have been based on Leach's story of the fracas, and in this, as in others, there is evidently two sides to the argument.

THE ODD FELLOWS OF ORANGE COUNTY have a big time need blame no one but himself. The Santa Ana Odd Fellows are expecting to turn out strong. Arrangements have been made with R. S. Dickenson to take two big truck-loads of people to Mt. Park, to accommodate those who have no conveniences of their own. The truck will start from I.O.O.F. hall at 8:30 a.m. Any person desiring to go on the trucks should notify either Dickenson or Constable C. E. Jackson at once.

MOTOR COPS ON JOB CITY AND COUNTY

Roy Davenport Riding for One and Roy Ballard for the Other

TO TAKE THE CASES INTO JUSTICE COX

Authorities Think that Arrests Will Have an Excellent Effect

The motor cops are on the job, and you might as well keep that in mind every time you are tempted to open'er up, whether inside the city limits or out.

Roy Davenport is motorcycle officer working for the county, with the whole county as his jurisdiction. Roy Ballard is doing the speed-killer work for the city of Santa Ana. He will give his attention to persons who do not obey the state automobile law, with especial reference to speeders.

The City Trustees at their meeting Monday night concluded to put on an officer, and yesterday Ballard's services were secured. At the meeting of the City Trustees it was stated that the county would also put on a motor cop. That has been done, and the time when automobilists must look a little out is at hand. For the last two months in Santa Ana there have been no motorcycle officers in service, and the city authorities state that speeding has increased rapidly. The officers think that arrests will have an immediate effect.

It is understood that the cases are to be tried in the justice's court, the prosecutions to be under the new state law.

TO RUN ANOTHER EXCURSION HERE FROM LONG BEACH

The Pacific Electric Railway is making arrangements to run another Chamber of Commerce excursion from Long Beach on May 7. Owing to the San Pedro Harbor celebration which was held on the day when the other excursion occurred, the attendance was not so great as it might have been. It is hoped that more Long Beach people will avail themselves of the excursion rates on May 8.

The excursionists will arrive here about noon and after luncheon the local chahler will make arrangements to take the visitors upon another sight-seeing trip, as was done before.

SPANISH WAR "VETS" ARE READY FOR MEXICAN WAR

SAN BERNARDINO, April 23.—Patriotism was strong at the smoker given by the local camp of the Spanish War Veterans Monday night and it was the unanimous vote of the members to offer their services in the event that they are needed in the trouble with Mexico.

AUSTRIAN EMPEROR WORSE

VIENNA, April 23.—It was semi-officially admitted today that Emperor Francis Josef of Austria is somewhat worse after a restless night. He is on the verge of pneumonia.

JOHN P. SCRIPPS IS DEAD IN SAN DIEGO

SAN DIEGO, April 23.—John P. Scripps, aged 26, son of E. W. Scripps, the publisher, died at his home at Miramar today of endocarditis. He participated in the editorial management of the Scripps papers. He is survived by his parents, a wife and infant son, two brothers and two sisters.

WILL BUILD ARCHWAYS TO JUSTIFY NAME "GATE CITY"

SAN BERNARDINO, April 23.—The city council has approved the suggestion of John S. McGroarty to build archways or gates at the outskirts of the city to welcome the stranger as well as to symbolize the title of the town, the Gate City. CHARGE O'SHAUGHNESSY GETS PASSPORTS FROM GEN. HUERTA

WASHINGTON, April 23.—The Navy Department officially announced this morning that Charge d'Affaires O'Shaughnessy at Mexico City had been handed his passports at 7:30 o'clock Wednesday evening. Mr. O'Shaughnessy telegraphed Wednesday night that he will leave the Mexican capital Thursday or Friday.

This action intimates that Huerta will not back down, but will in all probability make a formal declaration of war. Senior Algras, charge d'affaires for Mexico in Washington, is momentarily expecting to be recalled by Huerta.

Algras Given Passports

Mexican Charge d'Affaires Algras was given his passports today. Senior Algras will leave tonight or tomorrow. He shook hands with the State Department officials. Bryan is undecided whether or not to recall the American consuls in Mexico. He indicated today that he considers the Carranza development overshadows everything.

Late this afternoon the State Department sent Algras all documents connected with his passports and similar papers for the attaches of the Mexican embassy here. Algras announced that he will leave tonight for Canada. The fact that he is going northward instead of to Havana caused some persons to believe that Huerta desires to keep him close at hand in the event of reopening of negotiations with Washington in the event his Congress refused to sanction war with America.

GOV. JOHNSON CALLS STATE TROOPS TO PROTECT BORDER

SACRAMENTO, April 23.—Governor Johnson has called out eight companies of the California National Guard to protect the California border line between San Diego and Imperial counties, and the Mexican province of Baja, Lower California. Adjutant General Forbes, to whom the order was issued, began at midnight sending out orders for the movement of state troops.

Col. W. G. Schreiber, commanding the Seventh Regiment of the N.G.C., this morning designated A, B, C and F, and the battalion commander and staff to report for field service at Calexico. A platoon of the machine gun company, commanded by Capt. F. W. Gollum, will also be sent to Calexico. From San Diego the following state organizations will be hurried to the Otay dam near Tia Juana as soon as possible:

Fifth Company, Coast Artillery Corps, Captain S. E. Clynne; Eighth Company, Coast Artillery Corps, Captain J. V. Bush; Third Division Naval Militia, Lieut. D. M. Stewart.

SAN DIEGO GUARDMEN GUARD CITY WATER SUPPLY

SAN DIEGO, April 23.—All the militia, two companies of coast artillery and one of naval reserves were ordered out today to guard the city's water supply along the border. The guardsmen, summoned by the fire whistle at 5 o'clock this morning upon receipt of orders from Sacramento, rushed to the armories believing fighting had begun at Tia Juana.

SAN DIEGO, April 23.—The Mexican commander at Tia Juana has ordered all non-combatants to leave. Women and children are being taken to Ensenada. All males will be forced into service. American troops at San Diego are throwing up trenches. Captain Condon said that all women and children here will be sent to San Diego today. The Mexican garrison at Tecate departed today, and is believed to be marching to Tia Juana.

LOS ANGELES GUARDS MAY GO TO CALEXICO TODAY

LOS ANGELES, April 23.—The mobilization of four companies of the Seventh Regiment of the National guard began at daylight, and the troops will probably entrain for Calexico before night.

THE COST OF VERMIN

Many popular beliefs on medical subjects seem to be based on instinct without any facts to justify them, yet increasing knowledge in new fields frequently justifies opinions which have been held for centuries. Rats, mice, flies and mosquitoes and the various forms of body parasites have always been held in contempt and disgust, and always and everywhere have been regarded as vermin. Growing knowledge of the important role played by these lower forms of animal life in the transmission of disease is ample justification for this feeling. The attention which has been called to parasites and scavengers of the human race has resulted in demonstrating another reason why mankind has always abhorred them. They are an exceedingly expensive luxury. The Journal of the American Medical Association comments on a recent article in the Farm and Fireside, which discusses the amount of damage done in this country by rats, and estimates that there are in the United States at least 300,000,000 of these animals, alike destructive to property and dangerous to health. Rats are said to destroy a hundred million dollars' worth of grain every year in this country, or enough to feed one hen for every man, woman and child in the nation. The annual cost of rats to the nation is estimated at \$360,000,000. In addition, the rat population of the country forms a fertile field for the dissemination of bubonic plague, which needs only a starting-point in any of our seaports to spread throughout the country and cause the loss of thousands of lives. In the same issue of the Farm and Fireside, but in a different department, appears an article on the cattle-tick, in which it is estimated that the difference between the market value of an animal free from this parasite and one infected with it is about \$8 per cow, and that the cattle-tick is today costing the stockmen of the country a billion dollars each decade, or a hundred million dollars each year. This is a question in which cattlemen of Orange county can speak with authority. However, the fight to eradicate the tick here is practically won.

The discovery and development of bacteriology showed that man had been carrying on for centuries an unconscious struggle with the lower forms of vegetable life. Recent additions to our knowledge of the habits and characteristics of vermin show that an equally relentless struggle has been going on between man and the lower forms of animal life.

HUMAN LIVES SACRIFICED

Reports from employers to the Industrial Accident Commission show that during the first three months of this year almost 10,000 workers have been killed or injured in the indus-

tries of this state. Approximately 9000 of these have been disabled but temporarily, while over 300 have been permanently disabled. Permanent disability includes such things as the loss of eyes, arms, legs and other parts of the human body. The most astounding part of the sad story is that there were over 120 workers killed during that short period of time, and approximately one-half of these left one or more persons dependent upon them.

This is altogether too heavy a toll of life and limb for California to bear in connection with the operation of her industries. It was to remedy such a situation and to relieve society from the disastrous results of this killing and maiming of workers that the Workmen's Compensation act was passed by the last legislature. The most hopeful sign of the times, however, is that the Industrial Accident Commission states authoritatively that more than one-half of these accidents can be prevented by the installation of safety devices and by the education of employers and employees along the lines of safety in general. Let us have "Safety First," and

eliminate this terrible death toll of industry.

Another "Roosevelt record" is to be broken in the matter of White House weddings.

They have been tangling in Texas all the time, it seems, but they have never called it by that name.

—A fine quality, pure wool serge, hand tailored into the best style of this season. When you examine this suit you'll see the highest value that \$15 can buy.

DEPUTY COMMISSIONER CAN NO LONGER ISSUE LICENSES

The State Fish and Game Commission has issued the following on the sale of hunting and angling licenses: This is issued as a reply to the hundreds of persons who apply to the Commission for hunting and (now) nagging licenses, intending to resell such licenses, and as an official statement relative to the Commission's attitude on the license business.

In the first place, the Commission is not a license bureau, and probably it would be better if licenses could be issued by the state treasurer or a license bureau, acting as a department of the state government. The present system loads the Commission with a great deal of work, costs a great deal of money and diverts the Commission's attention to some degree from its proper business, the rearing of fish and game and the patrolling of the lands and waters of the state. However, the system is with us and there is nothing to do but gracefully accept it and work under it as effectively as possible.

The Commission has always felt that inasmuch as it is made the particular business of the county clerks to issue licenses to hunters and fishermen, the final sale should be left to the county clerks and their agents and the fees paid to them. While a few licenses are sold each year by the salaried deputies of the Commission, this sale has been kept at the very minimum—out of what has been considered courtesy to the county clerks, and for the reason that deputies can not issue licenses and attend to what is of vastly more importance, their duties. And again, a collection by deputies would mean that the average hunter and fisherman would go into the field without his license, on the chance that he would escape arrest even if caught, by buying a license. It seems certain that a field collection would reduce the sale of licenses by 50 per cent—which means that the Commission's work would be practically destroyed.

Having these conditions in mind the Commission will issue no licenses in future except to county clerks, gun stores in San Francisco, where the county clerk handles no hunting and fishing licenses, individuals who apply to the offices of the Commission and to regular salaried deputies, who will issue only in certain emergencies.

The Commission feels that there are hunters and fishermen in certain isolated districts, who seldom go into town and even have difficulty in getting mail in and out of camp. These people would no doubt appreciate being able to get their licenses from a traveling deputy or forest officer, who could visit them on his regular patrol. Licenses have been issued to very few field deputies as yet, but the Commission will send them out, starting with the angling licenses, within a few days—and with the order that such licenses are intended solely for "emergency" sale to people who otherwise could not, with reasonable effort and expense, obtain their license.

Gun dealers, resort keepers and others, as they apply for licenses, are being referred to their county clerks, who, in most counties, are willing to appoint responsible parties as agents. Under such an arrangement, all business is between the agent and the county clerk, who gets his license of the Commission and who stands responsible for them.

The Commission appreciates to the fullest extent the willing and voluntary co-operation that has been in effect with the U. S. Forest Service, na-

merous county officers and hundreds of unsalaried game wardens throughout the state and has considered issuing licenses for resale to such department and individuals. On investigation and after prolonged consideration, however, it seems best to leave the selection of all license sellers to the county clerks. In some few cases this course may not be satisfactory to the person dealing with the public, but it seems to be the course contemplated in the law and undoubtedly will obviate friction between the Commission and the county clerks, upon whose efforts the success of the license business depends to a very great degree.

It is the Commission's belief that the officers of the U. S. Forest Service in this state are peculiarly fitted to serve the hunting and fishing public in the matter of issuing licenses as well as in the giving out of information relative to camping, hunting and fishing grounds, etc. It would seem desirable from every standpoint that every camper who goes into the National Forest for his outings should be approached by a forest officer at the entrance to the forest and be instructed as to certain state laws and government regulations and that he be given an opportunity to purchase the required hunting and fishing license if he has neglected to supply himself. The Commission will endeavor to arrange with the county clerk of each county so that such forest officers can obtain the necessary stock of licenses, application blanks, etc., from the Supervisor, who will make his application of the proper county clerk. This statement is being sent to each county clerk in the state with this paragraph indicated for particular attention. If further communications on the same subject are necessary, the Commission will act most cheerfully.

In conclusion the Commission would reiterate the statement that hunting and fishing licenses will be sold by the Commission itself in future only where such sale seems to be particularly indicated, as in the four cities in the state in which the Commission has offices and in such other instances in which it may seem that no other convenient source of supply is available. In no event will any field deputy of the Commission be permitted to act primarily as a collector of hunting and angling licenses.

Yours respectfully,
FISH AND GAME COMMISSION,
Ernest Schaeffle, Assistant.

Doings In Social and Club Circles

EASTERN STAR EVENT

Annual Visit of the District Deputy Was Made Notable in Social Way

One of the notable events in local Eastern Star circles was the annual visit on Monday night of District Deputy Mrs. P. L. Tople to Hermosa Chapter. An unusually large attendance greeted Mrs. Tople, and her explanation of the secret work and her general remarks were of great interest to her hearers. A presentation of a handsome cut glass dish to Mrs. Tople from the officers of the chapter, as well as an immense bouquet of Cecil Bruner roses, was a pleasing incident of the evening. C. F. Crose happily made the presentation speech for the officers. Mrs. Maude Bowes was presented with a lovely bouquet. A banquet was served after the chapter session, the tables in the spacious banquet room being brilliant with lavish decorations of pink roses. At the officers' table were bouquets of fragrant sweet peas for Mrs. Tople, Worthy Matron Cavins, Past Worthy Matron Maude Bowes and Worthy Patron Tople. Miss Pauline Reinhaus was chairman of the supper committee and a most appetizing menu was served by Miss Reinhaus and her assisting committee. Toasts were responded to by new members and visitors, of whom there were many present.

Sisterhood Meeting

The third annual meeting of the Santa Ana Missionary Sisterhood will be held Wednesday, April 29 at the First Congregational Church. It will be an all-day meeting, the ladies taking lunch. Coffee will be served by the Amphion Circle. The society having the largest per cent of attendance will receive the banner. Dr. Geo. S. Knight will speak in the afternoon on "The Modern Pilgrim," which takes up the subject of immigration, a subject of vital importance to the Pacific Coast.

Hear Homer T. Wilson

The ministers of the various Santa Ana churches are urged to invite the members of their prayer meetings to night to attend the lecture of Homer T. Wilson at the First Christian Church, after the prayer meetings are closed.

Teachers and pupils of the city schools are also urged to attend the lecture this evening as Mr. Wilson has a special message for them. Mr. Wilson is a fine Chautauqua lecturer whose lectures abound in eloquence, information and humor.

Celebrated His Birthday

The birthday of George Wells of North Ross street was delightfully observed by a family gathering at the home of his mother, Mrs. W. G. Wells of North Sycamore street on Tuesday evening. One of the principal features of the event was a bountiful dinner, made more pleasant by the timely and unexpected arrival of the honoree's brother, W. C. Wells, of Los Angeles, just in time to join the family circle at the table.

The time-honored birthday cake, without which no well regulated birthday celebration is complete, graced the table. Birthday remembrances were plentiful, some humorous in character and others of value. The evening was spent joyfully in fest and social conversation by the happy family circle.

Ebell Business Meeting Open

Mrs. A. J. Lawton, president of the Ebell Club, wishes to say in reply to numerous inquiries that all Ebell members are eligible to attend the business meeting on Saturday whether attending the luncheon or not.

At the Shafer Home

The whist club of which Mr. and Mrs. Robert R. Shafer are members met last evening at the Shafer home on South Sycamore street, and spent the hours pleasantly in playing auction bridge whist. The usual jolly time was enjoyed, as the Shafers are admirable entertainers. Dainty refreshments were served by the hostess at

the close of the games.

The members of the club besides Mr. and Mrs. Shafer are Mr. and Mrs. Clyde Walker, Mr. and Mrs. W. L. Grubb, Mr. and Mrs. Russell Scott, Mr. and Mrs. J. P. Hatfield, Mr. and Mrs. O. K. Forgy, Mr. and Mrs. Fred Parsons and Mr. and Mrs. Fred Ross.

Dancing Party

The Williams School for Dancing announces Friday evening of this week as the date for another of its popular dancing parties. This will probably be the last for this season. Excellent music will be a feature of the occasion, and everything points to a most enjoyable evening. Both friends and students are extended an invitation.

Sections Were Entertained

The women of the First Baptist church are divided into neighborhood sections for the purpose of meeting each month and discussing plans for extension of church work along various lines. Yesterday was the day for the regular neighborhood meetings, and in spite of the rain and generally disagreeable weather conditions were well attended. The hostesses included Mrs. Mac Robbins and Mrs. Frank Taylor, who received at the North Main street home of Mrs. Robbins; Mrs. L. W. Beebe, 309 West First street; Mrs. J. O. Baker, 407 East Walnut; Mrs. Will Taylor, E. street.

Flowers brightened the various homes, and social converse with sewing and the enjoyment of light refreshments made the meetings successful in each instance.

Jefferson Entertainment

The pupils of Jefferson school will give an entertainment in the auditorium of the Intermediate building Friday at 7:30 p.m. The public is very cordially invited. Many pleasing features, costumed songs and dances, have been arranged.

The program includes songs by the sixth grade, (a) Wake to the Hunting, (b) Santa Lucia, (c) Joy Students; kindergarten band exercise; recitation, "Brother's Pants," Miriam Baird; Brownies Dance, first grade; Lullaby, fourth grade; French Mechanical Dolls, second grade; song, "In Germany," third grade; instrumental solo, Frances Shepherd, sixth grade; song, "The Bluebirds," fifth grade; recitation, "For the Chief's Daughter," Mary Geyer, fifth grade; song, "The Jolly Whistlers," fifth grade; Japanese love song, third grade; recitation, "My Pa," Judson Stevens, fourth grade; song by the fourth grade, (a) Brahms' Cradle Song, (b) Merry Plowboy; Kate Grenaway Dance, fifth grade; Grandmother's Tea Party, fourth grade; song, "There's No Land Like Ours," fourth, fifth and sixth grades.

A Club Reunion

One of the pretty parties of the week was that for which Mr. and Mrs. Victor Hawk were host and hostess and where the guests were Mr. and Mrs. Byron Stanley of Orange; Mr. and Mrs. Lynn Bryant, Mr. and Mrs. Arleigh Brown, Mr. and Mrs. George Zarnan, Mr. and Mrs. Bruce Wallace of Los Angeles. All of these are members of an organization that bears the enticing name of the Old Time Club, and the affair was in the nature of a dinner party. The South Birch street home of Mr. and Mrs. Hawk was attractive with a profusion of red roses, and roses were used on the charmingly arranged table.

The evening hours following the dinner were spent in reminiscences, the hosts and guests having formerly all enjoyed many gay times together in Los Angeles where they belonged to the same club.

Special value in table damask. Gilbert's great \$1.00 table linen. Snowy white, pure linen. You never saw such splendid values. A number of new patterns with napkins to match. We want you to compare this great value. You will think it should bring much more. Ask to see Gilbert's great \$1.00 table linen.

HARDWARE MEN BANQUET

Business Men from Over County Met in Good Fellowship at Hotel Rochester

On Tuesday night the spacious dining room of Hotel Rochester at Orange, under the management of Mr. and Mrs. W. B. Wetherbee, was brilliantly lighted and adorned for the sumptuous banquet enjoyed by thirty-one of the hardware men of Orange county. The menu was so satisfying and the after dinner speeches were so entertaining that the company lingered long at the table. It was decided to hold a similar banquet at the Rochester in May. Musical numbers were enjoyed during the feast.

Every town in Orange county was represented, and it was planned to organize an association among the hardware men. Among those present there were about ten visitors from Santa Ana.

Those seated at the table were Messrs. E. B. Trako, M. D. Keeney, T. D. Knights, F. O. Nickey, Wm. J. Kogler, A. E. Hassler, L. A. Gallo-way, J. T. Woodside, Jared Weng, E. G. Hutchinson, C. D. Kendall, W. D. Galbraith, R. E. Vincent, W. C. Binckley, Geo. L. Wilber, G. Hoppe, Chas. D. Potter, Bruce Moore, E. W. Dean, O. P. Stephenson, G. P. Heil, A. H. Williams, O. L. Forgy, Clyde Walker, John McFadden, D. A. Dale, H. H. Dale and four others whose names were not obtained.

Personals

W. S. Cutler spent yesterday and last night at the home of his daughter, Mrs. Ed Nelson, returning to Los Angeles this morning.

Dr. I. D. Mills was a morning traveler to Los Angeles via the Pacific Electric today.

P. L. Tople journeyed to Los Angeles this morning.

H. Wilson, who has been spending the winter in Santa Ana, left today for his home at Fairbury, Nebraska, traveling over the Salt Lake route.

Robert McFadden boarded an early morning train to Los Angeles today.

W. A. Huff was a business visitor to the Angel City this forenoon.

Asbury Turner was among the Santa Anans who visited Los Angeles today.

Mr. and Mrs. W. D. Moyer of San Diego were the house guests of Mr. and Mrs. L. W. Beebe of 309 West First street this week. The Moyers also visited the J. C. Grays of Tustin before going to Los Angeles and taking the boat trip homeward. Mr. Moyer is leader of the Marine Band in San Diego. He and his wife, the Beebes and the Grays are all former Michigan people. The Moyers may come home to reside as they were favorably impressed with Orange county.

AMUSEMENTS

The Lyric Theater

"The Perils of Pauline," that masterpiece of moving picture art, in three parts, second episode, is the headliner at the popular photo play home today and judging from the large matinee attendance the night performance will be a record breaker.

A very beautiful comedy drama, as played by the Eclair Kids, entitled "At the Court of Prince Make Believe," and a beautiful Nestor drama, "The Way of a Woman," goes to make up a splendid program at the Lyric.

NATION'S OFFICIALS COMMENDED BY COUNTY W.C.T.U. CONVENTION

Mayor Whealton of Long Beach Lauded—Also Alan A. Revill—Tribute Paid To Lillian M. N. Stevens

The Orange County W.C.T.U., closed from their most insidious foe, liquor.

A most successful convention yesterday afternoon. The rain of yesterday caused the attendance to be much less yesterday than on Tuesday. Two of the state officers were present, Mrs. Lucy Blanchard, state president, and Mrs. Celia Noll, state corresponding secretary and literature superintendent; also a national superintendent, Mrs. Stella B. Irvine. It is an inspiration to the local W.C.T.U. workers to have such live, enthusiastic women among them.

A very interesting program was given yesterday afternoon. After devotion were led by Mrs. Frances Paine, a symposium was conducted by Mrs. F. H. McElree on "Culture in the Home," a discussion on "The J. C. Stearns of Tustin sang a solo, responding to an encore with one of the campaign songs. E. M. Brown, secretary of the County Y.M.C.A., gave a splendid address on "Boys' Part in the Dry Campaign." This address showed that Mr. Brown is the right man in the right place, and that he knows how to handle boys.

The essay contest was won by Miss Miller of Orange, who read her essay on "What's the Harm in a Glass of Wine, Beer or Cider?" She was presented with the \$5 prize, known as the Mrs. Samson Edwards prize. Since Mrs. Edwards' death, the prize has been kept up by her daughter, Mrs. F. J. Rogers.

The Tustin union received the banner for the largest per centage of gain in membership. The following rally cry was adopted by Orange county:

"Who are we? Can't you see? Orange county by the sea. California's going dry. Who will help? You and I!"

Resolutions Passed
The following resolutions were passed by the convention:

"Whereas, in the home-going of our beloved national leader and world's vice president, Lillian M. N. Stevens, we recognize a distinct loss to our state, national and world's uplifting work, a loss that cannot be estimated; therefore, be it

"Resolved, That Orange County W.C.T.U., in convention assembled, does express to her bereaved family our sympathy and our love; that in recognition of her splendid worth, her matchless leadership, we re-pledge our loyalty and best efforts to carry out this coming year—and all the years until victory comes—the principles of the cause for which she and that other great leader, Frances E. Willard, gave their lives; and especially do we commend her bereaved husband, who has stood so nobly by her in all her work, to the ever loving care of our Father in heaven. We recommend that a copy of this resolution be sent to her family and to the Union Signal and White Ribbon.

"Resolved, That to our translated national leader's right hand, Miss Anna Gordon, national vice president, we tender our sincerest sympathy. She has stood intrepidly beside two fallen leaders, and like our own immortal Whittier, has felt, does feel how strange it seems with so much gone of life and love, to still live on." We pledge our loyalty to this, our new leader, and pray God's grace and strength to be given her in this hour of sorrow.

"To the national W.C.T.U. officers at Evanston, Ill., Orange County, California, W.C.T.U. in convention assembled in Santa Ana, send sympathy and love in this, your hour of loss, and pledge loyalty.

"Whereas, Secretary of the Navy Daniels has measured up to the high principles of true manhood in banishing all intoxicants from the battle-ships and the navy, thus protecting the great army of men in the navy

"Resolved, That we extend our sincere thanks to the trustees of this church for its use, to the local union for kindness and hospitality shown; to the pages for prompt attention; to the musicians for inspiring music; to the Santa Ana dailies and the press for prompt and correct reports; to the Ladies' Aid Society of the United Presbyterian church for splendid meals served; and to all who contributed in any way to make this, the silver anniversary of our County W.C.T.U., a success.

"MRS. ELIZABETH H. MILLS,
"MRS. FRANCES H. PAINE,
"MRS. GERTRUDE FOSTER."

Card of Thanks
We wish to thank the friends and neighbors who so kindly helped us in the last illness and death of our uncle, Albert F. Morton, and for the lovely flowers.

MRS. ALICE M. BARTHOLOMEW,
MISS MAUDE BARTHOLOMEW.

Children's Diseases Very Prevalent
—Whooping cough is about everywhere. Measles and scarlet fever almost as bad. Use Foley's Honey and Tar Compound for raw, inflamed throats and coughing. Mrs. I. C. Hostler, Grand Island, Neb., says: "My three children had severe attacks of whooping cough, and a very few doses of Foley's Honey and Tar gave them great relief." Contains no opiates. Do not accept a substitute. Wingood's Drug Store.—Advertisement.

NOTICE
The gas company will give a demonstration of the natural gas at its office, Thursday and Friday evenings from 7 to 9 o'clock, so that its patrons may learn how to use the gas economically and to adjust their ranges to the new gas. We would advise all who can to come.

SOUTHERN COUNTIES GAS CO.
F. Champion, District Agent.

Special Meeting of Sedgwick W. R. C. The members of Sedgwick W. R. C. are hereby notified that there will be a special meeting of the Corps for the transaction of important business, at G.A.R. Hall, Friday, April 24, at 2 p.m. A full attendance is desired.

By order of
MARY E. FIELDS, Pres.
JULIA A. GARRISON, Sec'y.

Why It Suits Particular People

—Foley's Honey and Tar Compound is prompt and effective for coughs, colds, croup, hoarseness, bronchial coughs and for any condition where the membranes of the throat and bronchial tubes are inflamed and raw. Thomas Verron, Hancock, Mich., writes: "Foley's Honey and Tar has always proven effective, quickly relieving tickling throat and stopping the cough, with no bad after-effect." It contains no opiates, and is a pure, reliable medicine. That's why it suits particular people. Wingood's Drug Store.—Advertisement.

FOR SALE—Valencia grove in Anaheim. Ten acres of one of the finest in California, ready for subdivision. Five blocks from bank, corner on State Highway, paved street with curb and sidewalk. Gas, sewer, and water plugs all placed under pavement for planting. And to make it a beautiful home tract, it is all an elegant growing Valencia orange grove, varying in age from one to four years. Soil is a heavy sandy loam, ten feet deep, perfect for growing of trees and vegetables. A small six room cottage and sheds. Three profitable plans are open for some one. First—To subdivide and this tract will bring \$30,000. Second—Carry for the profits of a Valencia orange grove in a fruitless section. Third—Suitable to be made into an extra fine suburban home for a man of wealth who wants to enjoy the country. This is a money-maker for any one of these plans. Is now offered for cash sale at price of \$22,000. Mortgage of \$11,000 at 6 per cent, payable on or before March 1, 1915. Courtesy to agents. Subject to change without notice. Address 564 S. Los Angeles St., Anaheim, Cal.

NEARLY 4000 TAX BILLS TO COME IN YET

Collector Lamb is Expecting a Big Rush Until Monday Night

County Tax Collector J. C. Lamb expects to be about as busy from now until next Monday night as he ever was in his life. Taxes will go delinquent at 6 o'clock p.m. next Monday, and there are nearly 4000 tax bills to be met between now and that hour. That means that out of 17,000 assessments, a goodly share of the property owners are waiting until the eleventh hour.

In order to facilitate the payment of the remaining taxes, Lamb will keep his office open during the noon hours Friday, Saturday and Monday, and instead of closing Saturday after-

noon the office will be open for business. The quickest and easiest way for a person holding a tax bill to pay it is to write out a check for the amount and mail check and bill to the tax collector. Those who want to pay their taxes at the office will facilitate matters if they will bring their tax bills with them.

SANTA ANA FOLKS ASTONISH DRUGGIST

—We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-Ika, is the best we ever sold. Santa Ana folks astonish us daily by telling how QUICKLY Adler-Ika relieves sour stomach, gas on the stomach and constipation. Many report that a SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Santa Ana Agents for Adler-Ika. The Rowley Drug Co.—Advertisement.

COUNTY SURVEYOR AT WORK ON ROAD OVER CHINO HILLS

County Surveyor McBride is busy this week making the survey of the proposed road between Olinda and the county line, a part of the cut-off road to be built between Olinda and Chino.

The San Bernardino authorities are constructing their portion of the road, and expect to have it finished within a short time.

Orange county will take immediate steps to do its share of the work. There will be about three miles of road to be built. The cost will probably not be over \$3000.

Strengthens Weak and Tired Women
"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it. Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00, at your druggist.—Advertisement."

NOTICE OF CLOSED ROAD
The road leading off Newport Road, a short distance east of the south end of South Main street, and running across the San Joaquin Rancho to a junction with the road to Laguna Beach is closed.

DELHI DRAINAGE DISTRICT.
Peacock's Laguna stage leaves the White Cross Drug Store, Santa Ana, daily for Laguna Beach at 4:15 p.m.

MARYLAND'S FIRE-PROOF VAULT OPEN—CONTENTS INTACT
PASADENA, April 23.—The big fire-proof vault at the Hotel Maryland, containing jewelry, papers, money and other valuables worth more than \$125,000, was opened in the fire ruins yesterday and the contents found to be intact. The safe was located almost in the center of the smoking ruins and safe experts were afraid to open it until it was cool, owing to the danger of the contents being destroyed by spontaneous combustion. If the doors were opened before the great structure was completely cooled.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. Thomson, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SAY CHINESE BROUGHT IN AT SUNSET BEACH

A. E. O'Banion, charged with smuggling Chinese as related in the following article from the Los Angeles Times, formerly lived at Villa Park. He was well known about Orange twelve or fifteen years ago. The Times says:

The story of wild trips of contraband Chinese in the gasoline launches May and Tourist, their landing at Sunset Beach, and their journey in a covered wagon to this city as far as Central avenue, where nine of the party escaped, is being told in the United States district court before Judge Wellborn and a jury.

The defendants on trial are Ansel E. O'Banion, William Kirby and Frank Wertz. A number of others were concerned in the luckless voyage that culminated May 6, 1911. John Klinge and Julius Nyahgon have pleaded guilty and served terms in the county jail; John Oosterhuis, the notorious smuggler, who has since served one year in the jail of Alameda county for a job pulled off there, has pleaded guilty in the present case and is awaiting sentence; Harry Lloyd, indicted, but not arraigned or tried, who is at liberty on his own recognizance, and Pa. Orr, who will be an important witness for the government, but whose name has not yet appeared in the papers in the case. Oosterhuis and Lloyd will also be witnesses for the prosecution, it being understood that the case against neither will be pushed.

The Chinese contrabands were picked up at Ensenada, by Oosterhuis and a crew on his boat, the May. The vessel reached Catalina Island, where the human cargo was transferred to Harry Lloyd's boat, the Tourist, from San Pedro. The men were landed successfully at Sunset Beach, and loaded into a wagon, but the team broke down when it reached Central avenue, and nine of the Chinese escaped. A vigorous denial of any complicity in the alleged conspiracy has been entered by all of the defendants. It is probable that the case will require a week for the trial. An indication of the stubborn resistance of the defendants was given in the case with which the jury was selected.

GARDEN GROVE NEWS BUDGET

GARDEN GROVE, April 22.—The opening of T. B. Anderson's new garage on Saturday was a success in every way. There was a good crowd present and lunch was served. The new building is commodious and has modern equipment.

Will Mills of Bishop, Inyo county, has traded a part of his ranch there for 20 acres, to Orson Moody.

The heavy winds of last week did considerable damage to the crops in this section. The present splendid rain will repair considerable of the damage. Some of the summer crops that were just above the ground were badly damaged by the unfavorable spell.

H. C. Powell is putting in a new Woods pump on his ten acre ranch one mile east of Garden Grove. Mrs. Ware, Mrs. Caselman, Mrs. Susan Chaffee, Mrs. Newcomer, and Mrs. Geo. L. Beardsley attended the W.C.T.U. convention held in Santa Ana at the United Presbyterian church yesterday. The local W.C.T.U. will meet with Mrs. W. B. Harper the third Wednesday in May. They were entertained last week by Mrs. Susan Chaffee.

About fourteen of the neighbors surprised Mr. and Mrs. H. Lake last evening in their new home. The evening was spent in conversation and music.

Rev. W. W. Hull and Mrs. Hull went to San Diego this week to attend the funeral of Rev. Lucas, who was the successor to Rev. Hull at San Diego.

Mrs. J. C. Powell returned to her home yesterday from a trip to San Bernardino where she has been with her sister, Mrs. Will Wells, who has been very sick and who is not very much improved. Will and Francis Swall of Sherman and Mrs. Blanche Swall of Los Angeles spent Sunday at the home of their uncle, Chas. Swall.

Miss Jessie Emmons of San Bernardino spent last week with her parents.

Mr. and Mrs. N. Carmichael returned from a trip to San Bernardino on Monday. They went by auto with Mr. and Mrs. F. W. Burton of Olive.

Henry Otto has a new Ford machine.

George L. Beardsley is in Ontario on a business trip.

Mrs. T. H. Thomson returned on Sunday from Los Angeles, where she has been visiting her sister.

Mr. and Mrs. W. L. Russell went to Alhambra on Monday. They are staying with Mrs. Bond, Mrs. Russell's sister.

Mr. and Mrs. Gillespie, from the East, are visiting at the home of E. V. Whittlesey.

A number of young people went to Bay City last Saturday evening on a hay ride. Mr. and Mrs. Briggs accompanied the party. A weenie bake was enjoyed at the beach.

Mrs. Saylor has returned from a trip to Los Angeles and Azusa, where she has been visiting her granddaughter and sister.

RIVERSIDE CLUB STARTS CIVIC CENTERS ACTION

RIVERSIDE, April 23.—Following an address by Dr. Dana Bartlett on civic centers and public recreation places, delivered before the Present Day Club at the hundredth meeting of that organization, the club, presided over by ex-Mayor S. C. Evans, requested Mayor Ford to name a committee to bring an expert here to make a survey of conditions and needs of Riverside.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back Hurts or Bladder Bothers

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

FULLERTON

ASKS CITY TO DONATE FUNDS

K. P. Representative Seeks Aid for Celebration on the Fourth

FULLERTON, April 23.—Glenn C. Crandall has informed the city trustees that the Knights of Pythias lodge is making preparations for celebrating the Fourth of July. He requested that official approval be given, together with a promise of the city's co-operation and financial assistance. He said the lodge would want a concession for the use of streets and the city park.

The Chamber of Commerce will also be asked for aid.

The trustees are inclined to favor the movement for a great day here on the Fourth, but are not prepared to say just what part the city can take in financing the undertaking. A motion was adopted to defer action until the next meeting of the board.

The Placencia Orange Growers' Association of Placencia started again today packing Mediterranean Sweet and St. Michaels with forty packers and about sixty pickers. The fruit is of fine quality. Several loads of oranges were delivered in town yesterday. This association has already shipped 150 carloads of oranges this season, making a total for the four plants of 400 cars, and more to follow.

E. E. Vogele has set out on his Placencia ranch a new grove of 676 Valencia, with a wind-break on two sides of Arizona cypress trees. He has just concluded the planting of acacia trees on both sides of the block.

This section was favored with a slow, soaking rain yesterday morning.

Clears Complexion—Removes Skin Blemishes

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, Itch, tetter, salt rheum. **WOULD START
CONDEMNATION
IMMEDIATELY**

County Clerk Williams has received for the Board of Supervisors a copy of a resolution passed by the Newport Beach Chamber of Commerce in which the county is urged to take immediate action toward the condemnation of a right-of-way for the coast boulevard between Newport Beach and Huntington Beach. The resolution also urges the county to waste no time about building this portion of the proposed road along the coast, asking that construction begin immediately after the right-of-way is secured.

Divorce Matters
A final decree of divorce has been granted Pearl Malcolm against Robert V. Malcolm.

Suit for divorce has been brought by Oscar C. Petzoldt against Bessie

M. Petzoldt. Clyde Bishop is attorney for the plaintiff.

To the Plaintiff
This morning Deputy Sheriff Boynton sold at auction lots 3 and 4 of Blodgett & Billings' addition to Santa Ana. The property went to F. J. Gardner, who as plaintiff against E. M. McKinsey, foreclosing mortgages. The sale was made for \$2208.65. Attorneys Hartwick & Davis bidding the property in. McKinsey is the man now being brought to Los Angeles from Seattle on a charge of selling mortgaged horses.

Citizenship Matters
Lily Ann Jones, postmistress at Yorba Linda, born in Canada in 1884, and Edward Jones, an electrician machinist of Yorba Linda, born in North Wales in 1861, have applied for final naturalization papers. They came to this country in 1908. Their witnesses are D. C. Burt and George Prell.

Theodore Nelson, aged 36, of Delhi, has taken out first papers of citizenship. He was born in Denmark in 1878.

Marriage Licenses
Michael A. Musso, 20, and Jennie I. Reddel, 18, both of Los Angeles; Henry G. Steddom, 33, and Ecalena Miller, 32, both of Whittier.

UNITARIAN SUPPER
Friday evening, April 24, from 6 to 7:30, consisting of roast beef, potatoes, peas, jam, pickles, apple and lemon pies. Price 35 cents. Come!

Consult Dr. Enoch. Sunset phone 47.

**Wash Goods Display

California Raisin Day April 30th

**STATE COMMISSIONER
FAVORS PREMIUM IN
PLACE OF ASSESSMENT**

**HAS SUGGESTIONS
HE THINKS WILL
WORK FOR SAFETY**

Deep interest was manifested this afternoon in the address of State Insurance Commissioner E. C. Cooper to the delegates attending the convention of the county mutual fire insurance companies of this state. The commissioner was not on the program, but room was made for him. His remarks showed him to be thoroughly familiar with the work of the mutuals.

He declared that no county mutual company should have an agent working on commission. He said all agents should be on a salary, for the desire to get a commission might get bad business.

"No county mutual can be a success," said he, "if in making a mad rush for business it seeks quantity and not quality."

"Why is it that a mutual life insurance company is considered safe, and a mutual fire insurance company unsafe?" asked he. "The reason is simply this: The life insurance company fixes a premium sufficient to give it enough money to meet all losses. You make an assessment to meet losses. You charge a cheap rate, and in doing so you give a man the benefit of a profit before he has earned it. Suppose you have a bad year and a big assessment. You will lose a lot of policies, and the man who has been paying a cheap assessment does not have to stand the loss. You should fix a fair rate over the possible losses throughout eternity, and collect that rate in advance. Pay him back out of the earnings, if there is anything left, but make him pay what he ought to pay. In that way you can accumulate and you will raise your standards of safety. This thing of depending upon an assessment is a hand-to-mouth method. Get away from that and you can compete with any of the companies."

"Fix your own rates. You should have a rate for every county mutual in the state. Collect your data. You should appoint a committee to prepare a classification of risks and a schedule of hazards, which you now have not. Now you take half the board rate, and how do you get that rate? By sandbagging some board agent. That is not a business-like method."

"I would urge you to keep away from cities. Take good risks in the country. Of course, if there is property in a city free from any greater hazards than country property, take it."

This morning addresses were delivered by P. E. Walline of Ontario, J. D. Musgrove of Woodland, C. Erickson of Fresno and Edward Chaffee of Garden Grove.

The delegates were taken on an automobile drive that carried them by the sugar factories, through Tustin to Hewes Park, to Orange, Olive and Anaheim.

**FIRE INSURANCE
BANQUET PROVED
A BIG SUCCESS**

One of the most enjoyable banquets given in Santa Ana in months was that of the County Mutual Fire Insurance Companies of California at Elks' hall last night. Its success marks it as one of the things that the delegates attending the convention will remember a long time after some of the other features of the convention are forgotten.

Not only was an excellent menu served, but the aftermath was unusually entertaining. If it takes a laugh to help out digestion, then digestion certainly had plenty of aid last night.

After fruit cocktails, lobster salads, chicken patties, mutual salads, premium cake, chemical coffee and a few other things to eat were disposed of, C. F. Crose, president of the state association, introduced Attorney H. C. Head of Santa Ana, toastmaster. Whatever Attorney Head does, he does well, and as toastmaster he led the way to an evening of instruction and entertainment.

In his opening remarks he stated that it was sixteen years ago that the Orange County Farmers' Mutual Life Insurance Company was organized at a basket picnic held at Westminster. When incorporated, the company had ninety-six members with \$74,125 insurance. Now the company has about 3,600 members and \$5,000,000 insurance.

Interspersed with speeches were musical numbers that in themselves were an enjoyment par excellence, by musicians whose popularity in Santa Ana has been attested on many occasions. Clifford Johnson, in splendid voice, sang a solo. Mrs. A. J. Padgham, upon the piano. Mrs. J. S. Rice singing "The Day Dream," and J. S. Rice's whistling of "The Mocking Bird" and his Chinese story delighted the audience. A popular number was the song of the quartet, composed of M. Phillips, F. C. Rowland, G. R. Parker and Harry Garstang.

The toasts were witty, interesting and instructive. Mayor Frank Ey in speaking upon "Santa Ana" called attention to the fact that the city recently has put in or has contracted for \$225,000 worth of street paving. He said the city is growing 1400 a year in population.

"Orange County" was W. A. Zimmerman's subject, and he gave one of his characteristic booster talks, full of good things. W. L. Grubb followed with another excellent talk, his subject being "Southern California." J. D. Musgrove of Woodland responded to "Northern California" and A. Sorenson of Fresno to "Central California."

State Insurance Commissioner E. C. Cooper took the whole state, "California." He said that the success of the county mutual fire insurance companies has been one of the marvels of business life in the state. He said the Orange County association is one of the best and most successful, is conducted along approved and safe lines and should be supported.

One of the hits of the evening was the clever response of Mrs. W. L. Grubb to the toast, "Where We Came From." She more than evened things with her husband, who in his remarks had placed the wedding date of the couple back in 1874. It seems that one of the children once upon a time was chided for romancing, and the child's excuse was that she inherited it from her father. Mrs. Grubb's contrast of life in the East with life in California's glorious climate and scenery was exceedingly well done.

C. S. Shaw's recitations brought down the house. They were selected from the doings of a farmer, who probably never heard of a farmers' mutual insurance company, else Shaw would have said so, for Shaw had him down pat.

**THE WISDOM OF
OLD HONUS WAGNER**

Old Honus Wagner does not say much at any time or any place, but he handled Howard Camnitz, the old time Pirate and now a Federal League recruit, a rather severe call down recently. Meeting Camnitz on the street in Hot Springs, the veteran was going to pass his old pitcher by when Camnitz stopped him and insisted on knowing what was the matter, says a writer in the Sporting News.

"I'll tell you," said the Dutchman. "I had nothing to say when I heard you had jumped, for that was your own business. Even when I heard you were trying to get older men to join I felt that it was strictly up to them. But let me give you a tip: Let the young fellows alone. They have a reputation to make and a future in front of them. Give them a chance and don't lead them astray. It is every man for himself in this game and everyone knows his business, but you trouble-makers can get a lot of innocent guys in wrong and a decent fellow won't do it. Keep off the kids, Cammy, and we old fellows will think a lot more of you."

It is believed that Wagner's quiet tip proved more efficacious in scaring off the Federals than did Dreyfuss' injunction.

**CONSTRUCTION
BEGINS**

Secretary-Treasurer Bird has arrived in San Francisco and construction of Mahomet's Mountain has begun.

As Superintendent of Construction, Mr. Bird may be depended on to push the work of building our Production rapidly and economically.

Progress at the Fair grounds has been remarkable. Most of the main buildings are finished and all will be completed by July 1.

It is becoming more manifest every day that the Fair is to be an enormous success, which Mahomet stockholders will share.

Various International features guarantee an overwhelming attendance at the Exposition. Exhibits from 35 foreign countries will alone bring many millions.

Our small remaining portion of treasury stock is being rapidly taken up. Now is the time to secure your share of these prospective profits.

"Mahomet" is now securely and satisfactorily on the road to great financial success and now that construction has begun the remainder of our stock will be eagerly snapped up.

Remember your profits should not stop with the main receipts, which should amount to at least 10 to 1 on your investment.

From Moving Pictures of the Panorama not less than \$1,250,000 should be made in a single year.

Think of the enormous recurring profits from future operations in other cities for many years.

This marvelous aggregation of thrills, wonders, spectacular effects and mirth-provoking situations should draw the wondering millions.

Here is Opportunity for you. Seize it ere it is too late. \$2.90 down and \$2.85 monthly gives you 100 shares. Take more if you like. Pay cash if you choose. Clip the coupon.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, APRIL 23, 1914.

GRAMMARIANS IN FIELD MEET

ONLY ONE NEW MANAGER
IN THE AMERICAN LEAGUE

County Triangle League to
Have Rousing Day Here
Saturday

GIVEN UNDER AUSPICES
OF COUNTY Y. M. C. A.

Over 250 Boys Entered in
Track Events on Poly-
technic Field

Santa Ana will be the Mecca for the grammar school pupils of Orange county on Saturday, April 25. The occasion is the annual Triangle League Field Day, when the grammar school students will compete with each other in almost every sort of competition imaginable, including spelling matches, elocution contests, tennis tournaments, and in the afternoon a rousing big field meet.

These exercises are the culmination of a program of activity that has been followed out by all the grammar schools of the county and are the goal toward which the children have been working. About thirty schools will be represented and in the spelling matches, elocution contests and relay races there will be some keen competition, for there are a number of schools which are set on carrying away the cups and banners.

The County Y. M. C. A. directed the organization, which is only three years old, and have boosted the excellent movement until the membership is immense.

Each member must be a student of a grammar school of this county, and sign an agreement as follows:

"As a member of the Triangle League of Orange County, I shall do my best to build up a strong body, a clear mind, and an upright moral character; to aid in these purposes I promise not to use alcoholic liquors or tobacco in any form before reaching the age of eighteen years. I shall try to discourage the use of profanity and bad language among my school mates."

To date there are practically two hundred and fifty boys entered for the events of the afternoon. Besides there will be exhibition drills, and games, etc., by the girls of the various schools.

The elocution contests will be held at 9 o'clock in the morning in the Congregational church and for this contest the W. C. T. U. of Santa Ana has offered a free silver loving cup to the winner. The spelling matches will be held at 10:30, the Eighth Grade contest in the Intermediate School and the Seventh Grade contest in the old Commercial High School building. Mr. R. J. Hamilton, former secretary of the County Y. M. C. A. work, will have charge of the elocution contests and Mr. R. P. Mitchell, County Superintendent of Schools, will have charge of the spelling contests. The tennis tournament will be held on the Intermediate School courts at 9:30. All of these events are free, and the public is cordially invited.

At noon the hundreds of children will enjoy picnic dinners in the parks and suitable school grounds. This matter has been arranged to the satisfaction of the Santa Ana Park Commissioners.

Of course the climax of the day's events will be the track and field meet in the afternoon on Polytechnic field, when the army of young athletes will try out their skill in dashes of varying distances, jumps and weight events, and by no means the least spectacular a series of Pussimobile and relay races.

The winners of each event will receive recognition in the form of a silk ribbon and to the winners of the relay races goes a beautiful pennant.

In order to handle this mob of contestants, Mr. E. M. Brown, secretary of the County Y. M. C. A., under whose auspices this day's exercises are being conducted, is picking and instructing thirty-six officials. According to the plan of supervision every detail and in spite of the multitude of young athletes and the numerous events, twenty-five in all, through which they must be put, there should be no confusion and no delays.

The track meet begins promptly at 1:30 on the Poly High School athletic field.

At noon the hundreds of children

TO PUT ON TWO MOOSE TEAM MORE BIG AFFAIRS OPENING GAME NEXT SATURDAY

Santa Ana Athletic Club to
Stage Smokers May 13
and June 3

HENLEY ELLIS MEETS
DICK GARLAND MAY 13

Ocampo to Have Another
Chance at Garland
June 3

The management of the Santa Ana Athletic Club is planning another big smoker for Wednesday, May 13. One bout that has been arranged for is that between Henley Ellis and Dick Garland. There has been a lot of discussion of this forthcoming go. Judging from the interest displayed ever since this bout was first contemplated the smoker to be held on May 13 will draw a record-breaking crowd of boxing enthusiasts.

Both Ellis and Garland are capable boxers. Both have so many good points that it is a difficult matter for the fans to make up their minds as to which of the two will win. Garland has done a lot of fast work in smokers held here, and Ellis is known to be a speedy boxer by those who have seen him work out.

For May 13 there will be a first-class lot of events arranged. A number of local bouts will be staged as well as a number between Angel City boxers.

On June 3 Frank Ocampo and Dick Garland will have another chance at each other. The bout these two local boys put on at the Athletic Club some time ago was an extremely interesting affair and brought the fans to their feet several times. In the forthcoming bout the lovers of boxing are quite likely to see an even better go. Ocampo has all the confidence in the world that he can show Garland a new trick or two. On the other hand Garland is equally sure that there is nothing he can learn from Ocampo.

For June 3 the S.A.A.C. is planning also to stage two or three heavyweight affairs. The usual number of bouts between Los Angeles boxers will be put on.

2,500 FIGHT FANS TO CHEER WOLCAST

ST. PAUL, April 23.—Ten special trains carrying 2500 fight fans will move out of the twin cities tonight for Hudson, Wis., where Johnny Tillman meets Ad Wolcast in a ten round go. While Tillman has shown promise in all of his recent bouts and has no more hesitancy about mixing things than Wolcast, it is believed he has been over-matched and the betting is slightly in favor of the Michigan battler.

As per schedule the opening game in the new Santa Ana Moose ball park will be played this coming Sunday, April 26.

Members of the local Moose lodge may be found out at the newly leased property at all hours of the day, getting the grounds in shape. All necessary fencing has been done and the bleachers are all that remain to be erected.

Judging from the restlessness that is apparent among Deck's players they should put up a rattling good game of ball when they clash with the Santa Fe Shops team of San Bernardino. The local boys have been getting in a lot of good hard practice and when the opening game starts Sunday it is safe to say that the fans will not be disappointed.

Following is the line-up of the two teams:

Santa Ana Moose	Santa Fe Shops
Brown	p. Houser
McGaffey	1b. Reister
Luxembourger	2b. Russell
Walters	3b. Johnson
Carver	ss. Sellman
Duhart	ss. Kelly
Dubois	rf. Reno
West	lf. Peck
Freeman	cf. Levering
	Boger, Houser, Subs.

'13 STRIKE-OUT DOPE ABOUT WALTER JOHNSON

Walter Johnson had a harder time retiring the Tigers on strikes in 1913 than any other club in the league, says the Sporting News. And, strange to say, the world champion Philadelphia clouters proved easiest for Johnson. He struck out 46 Philadelphians and only 13 Tigers. His strike-out accomplishments against other clubs are: Boston, 39; Cleveland, 39; St. Louis, 36; Chicago, 36; New York, 34. Every other club gave more than twice as many strike-outs to Johnson as Detroit.

GARDEN GROVE TEAM SMEARED VISITORS

GARDEN GROVE, April 23.—The baseball game which was played last Saturday between Garden Grove and an Orange and Santa Ana team ended with a score of 23 to 3 in favor of Garden Grove.

Next Saturday at 2:30 the Garden Grove team will play the Los Angeles Colored Giants, and the game promises to be a good one.

The Garden Grove grammar school is preparing to take part in the Orange County Triangle League meet next Saturday at Santa Ana.

STUDEBAKER 25 CLIMBS THE FRONT STEPS OF ELKS HALL

If the doors were wide enough to let an automobile in, Fred A. Ross would drive a Studebaker 25 to Elks lodge meeting on the second floor of the building. In this picture he is shown getting as close to doing it as possible. If there was a door bell there he would ring it by pressing the button gently with the front fender.

THE SAXON IS HERE: CAR IS SOME CLIMBER

The first Saxon automobile of Waffie & West's allotment for this year was brought down from Los Angeles yesterday and was today delivered by them to L. E. Baker. They expect to have in more of the cars within a few days, but it is doubtful if they can get them fast enough to fill their orders promptly.

That the Saxon automobile is a little wonder at negotiating mountains is evidenced by a letter received by the Western Motor Car Company in Los Angeles from Thompson & Smith of the Central Garage, Bakersfield, a copy of which was received by Waffie & West this morning. The letter reads:

"We arrived home with the Saxon and had a fine trip. We came over the mountains as if we had a six-cylinder sixteen-horsepower car instead of the fifteen-horsepower in the Saxon. We used only six gallons of gasoline in the 190 miles. Pretty good, considering some steep places over the mountains. The car has caused lots of interest in Bakersfield."

PIRATES OPEN AT HOME

PITTSBURGH, April 23.—Thousands of loyal Western Pennsylvanians gave the Pirates the glad salutes today when the team took the field for the opening contest on the home grounds. They faced St. Louis for the second series of the season with that team, having opened on April 14 in St. Louis. Following custom-honored and traditional modes, Mayor Armstrong tossed out the first ball. Hans Wagner, premier shortstop and captain, was given an ovation when he took his position.

BIG MOTORCYCLE RUN TO SMITH'S MOUNTAIN SCHEDULED FOR MAY 3

Armin F. Herold, agent for the Indian motorcycle, is planning the first big motorcycle run of the season, to be made on Sunday, May 3. This trip will take the riders to Smith's Mountain in San Diego county, and the round trip will cover a distance of about 225 miles. All motorcyclists are invited to join in on this run, the more the merrier, regardless of the type or make of machine.

SMITH LEARNED THAT HIS EX'LE WAS EXTENDED

Harried by San Francisco fans who were "joshing" him from the bleachers at a game at San Francisco, Clarence Smith, a pitcher for the Chicago White Sox, retorted:

"I should worry; we'll be back in the United States next week."

Then Smith learned that his exile was to be much longer than he expected, for the White Sox management has sold him to the Venice Coast League team.—Sporting News.

ANOTHER BASEBALL BOOK FROM CHRISTY

Christy Mathewson has been spending the off season writing another baseball book for the fans. The title of Mathewson's latest story is "Pitcher Pollock." Christy tells of a youth's struggles for fame, and how he finally succeeded by mastering the "fadeaway."

CLUB BOXING DRAWS BIG CROWD

Perkins, Little Local Demon,
Springs Surprise on
Anaheim Boy

HENDRICKS PROVES TOO
MUCH FOR DEACONS

Other Fast Bouts Furnish an
Evening of Good Entertainment

One of the biggest crowds of fans that ever turned out for a boxing affair in this city witnessed last night at the Santa Ana Athletic Club a series of first-class bouts in the club's gymnasium. Enthusiasts of the sport from various parts of the county were present, Anaheim being represented with the biggest delegation owing to the presence on the card of two boxers from the Mother Colony.

The most exciting and surprising event of the evening was a four-round disputation between Bob Brown of Anaheim and Willis Perkins of Santa Ana at 130 pounds. Perkins was put in at the last moment to take the place of Holderman, who failed to put in an appearance. "Perkie" hadn't been in the ring with Brown a half second before the crowd began wondering why Holderman had originally been scheduled for a go with Brown for Perkins proved a tiger from the first tap of the gong.

Perkins waded into Brown from the first, his right arm shooting back and forth with the regularity of a piston. The Anaheim boy was game, covering up as best he could but Perkins was too much for him. Brown's defense was clever but not strong enough to avoid being battered down by those tremendous Dutch-windmill swings of Perkins'. Brown stood up to Perkins like a Trojan but the little local demon kept hammering away like a boiler-maker until toward the end of the fourth and last round when the referee called a halt to the proceedings and declared Perkins the winner—a decision that entirely satisfied the fans, who cheered wildly.

Another bout last night that distinctly showed the superiority of science over lack of it was that between the Orange man, Hendricks, of the Western Athletic Club, and Deacons, another Anaheim "hope." They weighed in at 170 pounds. The first two rounds of this four-round go were about as exciting as a mother's meeting. Both men gave clever demonstrations in the art of hugging. A lot of good-natured joshing came from the side lines as a result of the quantity of clinching.

Somewhat, in the latter part of the third, Hendricks' ire was aroused. He appeared to be just a trifle peevish about something, with the result that he dispensed a short right shift to Deacons' jaw, causing that gentleman some slight distress and a great "fadeaway."

AT THE COURTHOUSE
**WOULD START
CONDEMNATION
IMMEDIATELY**

County Clerk Williams has received for the Board of Supervisors a copy of a resolution passed by the Newport Beach Chamber of Commerce in which the county is urged to take immediate action toward the condemnation of a right-of-way for the coast boulevard between Newport Beach and Huntington Beach. The resolution also urges the county to waste no time about building this portion of the proposed road along the coast, asking that construction begin immediately after the right-of-way is secured.

Divorce Matters
A final decree of divorce has been granted Pearl Malcolm against Robert W. Malcolm.
Suit for divorce has been brought by Oscar C. Petzoldt against Bessie

M. Petzoldt. Clyde Bishop is attorney for the plaintiff.

To the Plaintiff
This morning Deputy Sheriff Boynton sold at auction lots 3 and 4 of Blodgett & Billings' addition to Santa Ana. The property went to F. J. Gardner, who as plaintiff against E. M. McKinsey, foreclosing mortgages. The sale was made for \$2308.65. Attorneys Hartwick & Davis bidding the property in. McKinsey is the man now being brought to Los Angeles from Seattle on a charge of selling mortgaged horses.

Citizenship Matters
Lily Ann Jones, postmistress at Yorba Linda, born in Canada in 1884, and Edward Jones, an electrician machinist of Yorba Linda, born in North Wales in 1861, have applied for final naturalization papers. They came to this country in 1908. Their witnesses are D. C. Burt and George Prell.
Theodore Nelson, aged 36, of Delhi, has taken out first papers of citizenship. He was born in Denmark in 1878.

Marriage Licenses
Michael A. Musso, 20, and Jennie I. Reddel, 18, both of Los Angeles; Henry G. Steddom, 33, and Ecalena Miller, 32, both of Whittier.

UNITARIAN SUPPER
Friday evening, April 24, from 6 to 7:30, consisting of roast beef, potatoes, peas, jam, pickles, apple and lemon pies. Price 35 cents. Come!

Consult Dr. Enoch. Sunset phone 47.

**STATE COMMISSIONER
FAVORS PREMIUM IN
PLACE OF ASSESSMENT**

**HAS SUGGESTIONS
HE THINKS WILL
WORK FOR SAFETY**

Deep interest was manifested this afternoon in the address of State Insurance Commissioner E. C. Cooper to the delegates attending the convention of the county mutual fire insurance companies of this state. The commissioner was not on the program, but room was made for him. His remarks showed him to be thoroughly familiar with the work of the mutuals.

He declared that no county mutual company should have an agent working on commission. He said all agents should be on a salary, for the desire to get a commission might get bad business.

"No county mutual can be a success," said he, "if in making a mad rush for business it seeks quantity and not quality."
"Why is it that a mutual life insurance company is considered safe, and a mutual fire insurance company unsafe?" asked he. "The reason is simply this: The life insurance company fixes a premium sufficient to give it enough money to meet all losses. You charge a cheap rate, and in doing so you give a man the benefit of a profit before he has earned it. Suppose you have a bad year and a big assessment. You will lose a lot of policies, and the man who has been paying a cheap assessment does not have to stand the loss. You should fix a fair rate over the possible losses throughout eternity, and collect that rate in advance. Pay him back out of the earnings, if there is anything left, but make him pay what he ought to pay. In that way you can accumulate and you will raise your standards of safety. This thing of depending upon an assessment is a hand-to-mouth method. Get away from that and you can compete with any of the companies."

"Fix your own rates. You should have a rate for every county mutual in the state. Collect your data. You should appoint a committee to prepare a classification of risks and a schedule of hazards, which you now have not. Now you take half the board rate, and how do you get that rate?" By sandbagging some board agent. That is not a business-like method.

"I would urge you to keep away from cities. Take good risks in the country. Of course, if there is property in a city free from any greater hazards than country property, take it."

This morning addresses were delivered by P. E. Walline of Ontario, J. D. Musgrove of Woodland, C. Erickson of Fresno and Edward Chaffee of Garden Grove.

The delegates were taken on an automobile drive that carried them by the sugar factories, through Tustin to Hewes Park, to Orange, Olive and Anaheim.

**FIRE INSURANCE
BANQUET PROVED
A BIG SUCCESS**

One of the most enjoyable banquets given in Santa Ana in months was that of the County Mutual Fire Insurance Companies of California at Elks' hall last night. Its success marks it as one of the things that the delegates attending the convention will remember a long time after some of the other features of the convention are forgotten.

Not only was an excellent menu served, but the aftermath was unusually entertaining. If it takes a laugh to help out digestion, then digestion certainly had plenty of aid last night.

After fruit cocktails, lobster salads, chicken pates, mutual salads, premium cake, chemical coffee and a few other things to eat were disposed of, C. F. Crose, president of the state association, introduced Attorney H. C. Head of Santa Ana, toastmaster. Whatever Attorney Head does, he does well, and as toastmaster he led the way to an evening of instruction and entertainment.

In his opening remarks he stated that it was sixteen years ago that the Orange County Farmers' Mutual Life Insurance Company was organized at a basket picnic held at Westminster. When incorporated, the company had ninety-six members with \$74,125 insurance. Now the company has about 3,000 members and \$5,000,000 insurance.

Interspersed with speeches were musical numbers that in themselves were an enjoyment far excellence, by musicians whose popularity in Santa Ana has been attested on many occasions. Clifford Johnson, in splendid voice, sang a solo. Mrs. A. J. Padgham, upon the piano, Mrs. J. S. Rice singing "The Day Dream," and J. S. Rice's whistling of "The Mocking Bird" and his Chinese story delighted the audience. A popular number was the song of the quartet, composed of M. Phillips, F. C. Rowland, G. R. Parker and Harry Garstang.

The toasts were witty, interesting and instructive. Mayor Frank E. in speaking upon "Santa Ana" called attention to the fact that the city recently has put in or has contracted for \$225,000 worth of street paving. He said the city is growing 1400 a year in population.

"Orange County" was W. A. Zimmerman's subject, and he gave one of his characteristic booster talks, full of good things. W. L. Grubb followed with another excellent talk, his subject being "Southern California." J. D. Musgrove of Woodland responded to "Northern California" and A. Sorenson of Fresno to "Central California."

State Insurance Commissioner E. C. Cooper took the whole state, "California." He said that the success of the county mutual fire insurance companies has been one of the marvels of business life in the state. He said the Orange County association is one of the best and most successful, is conducted along approved and safe lines and should be supported.

One of the hits of the evening was the clever response of Mrs. W. L. Grubb to the toast, "Where We Came From." She more than evened things with her husband, who in his remarks had placed the wedding date of the couple back in 1874. It seems that one of the children once upon a time was chided for romancing, and the child's excuse was that she inherited it from her father. Mrs. Grubb's contrast of life in the East with life in California's glorious climate and scenery was exceedingly well done.

C. S. Shaw's recitations brought down the house. They were selected from the doings of a farmer, who probably never heard of a farmers' mutual insurance company, else Shaw would have said so, for Shaw had him down pat.

**THE WISDOM OF
OLD HONUS WAGNER**

Old Honus Wagner does not say much at any time or any place, but he handed Howard Camnitz, the old time Pirate and now a Federal League recruit, a rather severe call down recently. Meeting Camnitz on the street in Hot Springs, the veteran was going to pass his old pitcher by when Camnitz stopped him and insisted on knowing what was the matter, says a writer in the Sporting News.
"I'll tell you," said the Dutchman. "I had nothing to say when I heard you were trying to get older men to join. I felt that it was strictly up to them. But let me give you a tip: Let the young fellows alone. They have a reputation to make and a future in front of them. Give them a chance and don't lead them astray. It is every man for himself in this game and everyone knows his business, but you trouble-makers can get a lot of innocent guys in wrong and a decent fellow won't do it. Keep off the kids, Cammy, and we old fellows will think a lot more of you."

It is believed that Wagner's quiet tip proved more efficacious in scaring off the Federals than did Dreyfuss' injunction.

**CONSTRUCTION
BEGINS**

Secretary-Treasurer Bird has arrived in San Francisco and construction of Mahomet's Mountain has begun.

As Superintendent of Construction, Mr. Bird may be depended on to push the work of building our Production rapidly and economically.

Progress at the Fair grounds has been remarkable. Most of the main buildings are finished and all will be completed by July 1.

It is becoming more manifest every day that the Fair is to be an enormous success, which Mahomet stockholders will share.

Various International features guarantee an overwhelming attendance at the Exposition. Exhibits from 35 foreign countries will alone bring many millions.

Our small remaining portion of treasury stock is being rapidly taken up. Now is the time to secure your share of these prospective profits.

"Mahomet" is now securely and satisfactorily on the road to great financial success and now that construction has begun the remainder of our stock will be eagerly snapped up.

Remember your profits should not stop with the main receipts, which should amount to at least 10 to 1 on your investment.

From Moving Pictures of the Panorama not less than \$1,250,000 should be made in a single year.

Think of the enormous recurring profits from future operations in other cities for many years.

This marvelous aggregation of thrills, wonders, spectacular effects and mirth-provoking situations should draw the wondering millions.

Here is Opportunity for you. Seize it ere it is too late. \$2.90 down and \$2.85 monthly gives you 100 shares. Take more if you like. Pay cash if you choose. Clip the coupon.

GRAMMARIANS IN FIELD MEET

County Triangle League to Have Rousing Day Here Saturday

GIVEN UNDER AUSPICES OF COUNTY Y. M. C. A.

Over 250 Boys Entered in Track Events on Polytechnic Field

Santa Ana will be the Mecca for the grammar school pupils of Orange county on Saturday, April 25. The occasion is the annual Triangle League Field Day, when the grammar school students will compete with each other in almost every sort of competition imaginable, including spelling matches, elocution contests, tennis tournaments, and in the afternoon a rousing big field meet.

These exercises are the culmination of a program of activity that has been followed out by all the grammar schools of the county and are the goal toward which the children have been working. About thirty schools will be represented and in the spelling matches, elocution contests and relay races there will be some keen competition, for there are a number of schools which are set on carrying away the cups and banners.

The County Y. M. C. A. directed the organization, which is only three years old, and have boosted the excellent movement until the membership is immense.

Each member must be a student of a grammar school of this county, and sign an agreement as follows:

"As a member of the Triangle League of Orange County, I shall do my best to build up a strong body, a clear mind, and an upright moral character; to aid in these purposes I promise not to use alcoholic liquors or tobacco in any form before reaching the age of eighteen years. I shall try to discourage the use of profanity and bad language among my school mates."

To date there are practically two hundred and fifty boys entered for the events of the afternoon. Besides there will be exhibition drills, and games, etc., by the girls of the various schools.

The elocution contests will be held at 9 o'clock in the morning in the Congregational church and for this contest the W. C. T. U. of Santa Ana has offered a free silver loving cup to the winner. The spelling matches will be held at 10:30, the Eighth Grade contest in the Intermediate School, and the Seventh Grade contest in the old Commercial High School building. Mr. R. J. Hamilton, former secretary of the County Y. M. C. A. work, will have charge of the elocution contests and Mr. R. P. Mitchell, County Superintendent of Schools, will have charge of the spelling contests. The tennis tournament will be held on the Intermediate School courts at 9:30. All of these events are free, and the public is cordially invited.

At noon the hundreds of children

ONLY ONE NEW MANAGER IN THE AMERICAN LEAGUE

Branch Rickey, now in charge of the St. Louis Browns, is the new manager with which the American League begins the season of 1914. He has hopes of making a great club; so had his predecessors. Rickey is perhaps the best educated baseball player in the business. There are many other college men, but Rickey, even while in baseball, has been a great reader. When he caught for the New York American League Club some years ago he carried about with him on his trips works on metaphysics and psychology. He read them and understood them, and could discuss abstruse metaphysical problems with students. He doesn't believe in swearing or drinking; in fact, he was once secretary of the Connecticut Young Men's Christian Association. He will manage his men without the use of cuss words, something few managers have tried in the past. Rickey's players will know that they won't be called any names that can't be used in decent society.

will enjoy picnic dinners in the parks and suitable school grounds. This matter has been arranged to the satisfaction of the Santa Ana Park Commissioners.

Of course the climax of the day's events will be the track and field meet in the afternoon on Polytechnic field, when the army of young athletes will try out their skill in dashes of varying distances, jumps and weight events, and by no means the least spectacular a series of Pushmovers and relay races.

The winners of each event will receive recognition in the form of a silk ribbon and to the winners of the relay races goes a beautiful pennant. In order to handle this mob of contestants, Mr. E. M. Brown, secretary of the County Y. M. C. A., under whose auspices this day's exercises are being conducted, is picking and instructing thirty-six officials. According to the plan of supervision every detail and in spite of the multitude of young athletes and the numerous events, twenty-five in all, through which they must be put, there should be no confusion and no delays.

The track meet begins promptly at 1:30 on the Poly High School athletic field.

TO PUT ON TWO MOOSE TEAM MORE BIG AFFAIRS OPENING GAME NEXT SATURDAY

Santa Ana Athletic Club to Stage Smokers May 13 and June 3

HENLEY ELLIS MEETS DICK GARLAND MAY 13

Ocampo to Have Another Chance at Garland June 3

The management of the Santa Ana Athletic Club is planning another big smoker for Wednesday, May 13. One bout that has been arranged for is that between Henley Ellis and Dick Garland. There has been a lot of discussion of this forthcoming go. Judging from the interest displayed ever since this bout was first contemplated the smoker to be held on May 13 will draw a record-breaking crowd of boxing enthusiasts.

Both Ellis and Garland are capable boxers. Both have so many good points that it is a difficult matter for the fans to make up their minds as to which of the two will win. Garland has done a lot of fast work in smokers held here, and Ellis is known to be a speedy boxer by those who have seen him work out.

For May 13 there will be a first-class lot of events arranged. A number of local bouts will be staged as well as a number between Angel City boxers.

On June 3 Frank Ocampo and Dick Garland will have another chance at each other. The bout these two local boys put on at the Athletic Club some time ago was an extremely interesting affair and brought the fans to their feet several times. In the forthcoming bout the lovers of boxing are quite likely to see an even better go. Ocampo has all the confidence in the world that he can show Garland a new trick or two. On the other hand, Garland is equally sure that there is nothing he can learn from Ocampo.

For June 3 the S.A.A.C. is planning also to stage two or three heavy-weight affairs. The usual number of bouts between Los Angeles boxers will be put on.

2,500 FIGHT FANS TO CHEER WOLGAST

ST. PAUL, April 23.—Ten special trains carrying 2500 fight fans will move out of the twin cities tonight for Hudson, Wis., where Johnny Tillman meets Ad Wolgast in a ten round go. While Tillman has shown promise in all of his recent bouts and has no more hesitancy about mixing things than Wolgast, it is believed he has been over-matched and the betting is slightly in favor of the Michigan battler.

Members of Lodge Are Busy Getting Grounds Into Shape

As per schedule the opening game in the new Santa Ana Moose ball park will be played this coming Sunday, April 26.

Members of the local Moose lodge may be found out at the newly leased property at all hours of the day, getting the grounds in shape. All necessary fencing has been done and the bleachers are all that remain to be erected.

Judging from the restlessness that is apparent among Deck's players they should put up a rattling good game of ball when they clash with the Santa Fe Shops team of San Bernardino. The local boys have been getting in a lot of good hard practise and when the opening game starts Sunday it is safe to say that the fans will not be disappointed.

Following is the line-up of the two teams:

Santa Ana Moose	Santa Fe Shops
Brown	p. Houser
McGaffey	c. Reister
Luxembourger	2b. Russell
Walters	3b. Johnson
Carver	ss. Sellman
Duhart	ss. Kelly
Dubois	rf. Reno
West	lf. Peck
Freeman	cf. Levering
	Boger, Houser, Subs.

'13 STRIKE-OUT DOPE ABOUT WALTER JOHNSON

Walter Johnson had a harder time retiring the Tigers on strikes in 1913 than any other club in the league, says the Sporting News. And, strange to say, the world champion Philadelphia clouters proved easiest for Johnson. He struck out 46 Philadelphians and only 13 Tigers. His strike-out accomplishments against other clubs: Boston, 39; Cleveland, 39; St. Louis, 36; Chicago, 36; New York, 34. Every other club gave more than twice as many strike-outs to Johnson as Detroit.

GARDEN GROVE TEAM SMEARED VISITORS

GARDEN GROVE, April 23.—The baseball game which was played last Saturday between Garden Grove and an Orange and Santa Ana team ended with a score of 23 to 3 in favor of Garden Grove.

Next Saturday at 2:30 the Garden Grove team will play the Los Angeles Colored Giants, and the game promises to be a good one.

The Garden Grove grammar school is preparing to take part in the Orange County Triangle League meet next Saturday at Santa Ana.

STUDEBAKER 25 CLIMBS THE FRONT STEPS OF ELKS HALL

If the doors were wide enough to let an automobile in, Fred A. Ross would drive a Studebaker 25 to Elks lodge meeting on the second floor of the building. In this picture he is shown getting as close to doing it as possible. If there was a door bell there he would ring it by pressing the button gently with the front fender.

THE SAXON IS HERE: CAR IS SOME CLIMBER

The first Saxon automobile of Waffle & West's allotment for this year was brought down from Los Angeles yesterday and was today delivered by them to L. E. Baker. They expect to have in more of the cars within a few days, but it is doubtful if they can get them fast enough to fill their orders promptly.

That the Saxon automobile is a little wonder at negotiating mountains is evidenced by a letter received by the Western Motor Car Company in Los Angeles from Thompson & Smith of the Central Garage, Bakersfield, a copy of which was received by Waffle & West this morning. The letter reads:

"We arrived home with the Saxon and had a fine trip. We came over the mountains as if we had a six-cylinder sixty-horsepower car instead of the fifteen-horsepower in the Saxon. We used only six gallons of gasoline in the 190 miles. Pretty good, considering some steep places over the mountains. The car has caused lots of interest in Bakersfield."

PIRATES OPEN AT HOME

PITTSBURG, April 23.—Thousands of loyal Western Pennsylvanians gave the Pirates the glad salutes today when the team took the field for the opening contest on the home grounds. They faced St. Louis for the second series of the season with that team, having opened on April 14 in St. Louis. Following custom-honored and traditional modes, Mayor Armstrong tossed out the first ball. Hans Wagner, premier shortstop and captain, was given an ovation when he took his position.

BIG MOTORCYCLE RUN TO SMITH'S MOUNTAIN SCHEDULED FOR MAY 3

Armin F. Herold, agent for the Indian motorcycle, is planning the first big motorcycle run of the season, to be made on Sunday, May 3. This trip will take the riders to Smith's Mountain in San Diego county, and the round trip will cover a distance of about 225 miles. All motorcyclists are invited to join in on this run, the more the merrier, regardless of the type or make of machine.

SMITH LEARNED THAT HIS EX'LE WAS EXTENDED

Harried by San Francisco fans who were "joshing" him from the bleachers at a game at San Francisco, Clarence Smith, a pitcher for the Chicago White Sox, retorted:

"I should worry; we'll be back in the United States next week."

Then Smith learned that his exile was to be much longer than he expected, for the White Sox management has sold him to the Venice Coast League team.—Sporting News.

ANOTHER BASEBALL BOOK FROM CHRISTY

Christy Mathewson has been spending the off season writing another baseball book for the fans. The title of Mathewson's latest story is "Pitcher Pollock." Christy tells of a youth's struggles for fame, and how he finally succeeded by mastering the "fadeaway."

CLUB BOXING DRAWS BIG CROWD

Perkins, Little Local Demon, Springs Surprise on Anaheim Boy

HENDRICKS PROVES TOO MUCH FOR DEACONS

Other Fast Bouts Furnish an Evening of Good Entertainment

One of the biggest crowds of fans that ever turned out for a boxing affair in this city witnessed last night at the Santa Ana Athletic Club a series of first-class bouts in the club's gymnasium. Enthusiasts of the sport from various parts of the county were present, Anaheim being represented with the biggest delegation owing to the presence on the bill of two boxers from the Mother Colony.

The most exciting and surprising event of the evening was a four-round disputation between Bob Brown of Anaheim and Willis Perkins of Santa Ana at 120 pounds. Perkins was put in at the last moment to take the place of Holderman, who failed to put in an appearance. "Perkie" hadn't been in the ring with Brown a half second before the crowd began wondering why Holderman had originally been scheduled for a go with Brown for Perkins proved a tiger from the first tap of the gong.

Perkins waded into Brown from the first, his right arm shooting back and forth with the regularity of a piston. The Anaheim boy was game, covering up as best he could but Perkins was too much for him. Brown's defense was clever but not strong enough to avoid being battered down by those tremendous Dutch-windmill swings of Perkins'. Brown stood up to Perkins like a Trojan but the little local demon kept hammering away like a boiler-maker until toward the end of the fourth and last round when the referee called a halt to the proceedings and declared Perkins the winner—a decision that entirely satisfied the fans, who cheered wildly.

Another bout last night that distinctly showed the superiority of science over lack of it was that between the Orange man, Hendricks, of the Western Athletic Club, and Deacons, another Anaheim "hope." They weighed in at 170 pounds. The first two rounds of this four-round go were about as exciting as a mother's meeting. Both men gave clever demonstrations in the art of hugging. A lot of good-natured joshing came from the side lines as a result of the quantity of clinching.

Somewhat, in the latter part of the third, Hendricks' ire was aroused. He appeared to be just a trifle peevish about something, with the result that he dispensed a short right shift to Deacons's jaw, causing that gentleman some slight distress and a great deal of amusement.

Chalmers 1915 "Light Six" Overcomes Last Argument for a "Four"

Price—the last argument is overcome. At \$1950, the cost of a "four," this new car offers you 6-cylinder efficiency, and yacht-like luxury, backed by the Chalmers guarantee of permanence—also extreme lightness of weight and economy of fuel with all the strength and speed you will ever need. Why the "four" now? Phone for demonstration.

WAFFLE & WEST 417 West Fourth St., Santa Ana. Phones: Pacific 125 Home 154.

CLUB BOXING DRAWS CROWD

(Continued from Preceding Page)

amount of disinclination to continue the argument. Again, entirely to the satisfaction of the audience, the referee stepped in and stopped the go, holding aloft the right hand of Hendricks.

HOW "TIZ" HELPS SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Aft how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

Angeles, at 122 pounds. They went four rounds to what the referee called a draw but which decision was declared "off" by the judges, who gave Atwood the decision. The crowd evidenced some dissatisfaction at this reversal but a few kind words of admonishment from Foley calmed the fans. This bout was characterized by a lot of fast work. Neither man gained any appreciable advantage over the other in any round. Atwood showed more cleverness than Hetton, shifting his tactics, cat-like, during every second of the debate.

Joe White of San Gabriel and Abe Sherman of Los Angeles supplied the material for the fifth bout, boxing at 122 pounds. This was another fairly even event. Although White was given the decision over Sherman, the latter had about six pounds the advantage in weight and this counted against him in the final decision.

The argument between Lee Crooks and Harry Yants, both of Los Angeles, at 133 pounds, resulted in a draw at the end of the fourth and last round. From a standpoint of fireworks this bout was calm, dignified and thoroughly unruffled. Both these boys are artists at the art of self defense and for this reason neither could reach the other.

The first affair of the evening was a four-round dancing exhibition between Claude Corrum and Jimmie Jimar, both of Santa Ana. The latter boy had about eight rounds more weight than Corrum, who danced at 100 pounds, and this caused the referee to decide that Jimar was the better Terpsichorean artist of the two.

Last night's smoker was successful from every point of view. The fans thoroughly enjoyed themselves. Best of all, the crowd was an orderly one and with practically no exceptions it was satisfied with the verdicts.

AUTO STAGE LINE

—Leaving Santa Ana for Orange, Anaheim and Fullerton every other hour of the day beginning at 7 a.m. to 7 p.m. Last car from Anaheim for Santa Ana midnight. Leaves here northwest corner Fourth and Main.

JOHNSON'S FIRST BIG LEAGUE GAME A 3 TO 2 LOSER

Harry Williams in the Los Angeles Times has the following on Walter Johnson, who got his baseball start in Orange county as pitcher for the Olinde Oil Wells team, of which City Clerk Burke at one time was manager:

Walter Johnson's First Game. "Did Walter Johnson win his first game in the American League? Please answer this and settle a bet."

J. G., city. While not claiming to be much of a bet-settler, the information desired will be freely given, especially as J. G. fired his interrogation on what otherwise promised to be a dull day. Mr. Johnson did not win his first game in the majors, the Detroit club whipping him just like any other recruit.

Walter made his big-league debut on August 2, 1907, for information concerning the details of which I am indebted to "Long Tom" Hughes. "Elongated Thomas" should know whereof he speaks, as he relieved Johnson along toward the tag end of the game.

Johnson pitched eight innings against Detroit, holding the hard-hitting Tigers to six hits and two runs. He was taken out that Cliff Blankenship, who discovered him out in Idaho, might bat for him. Hughes finished up the game, which ended in a 3-to-2 victory for Detroit.

Of the men who participated in that game, Johnson himself, Ty Cobb and Sam Crawford are the only ones remaining in fast company.

Johnson's work in his maiden appearance visibly impressed Joe Cantillon, who was then managing Wash-

ington, and Walter was forthwith installed as a regular, taking his turn in the box along with Hughes, Falkenberg, Charles Smith and Hank Gehring, the latter since dead.

Johnson's New York debut that fall was particularly impressive. He wanked the Yankees, 2 to 0, and this has been a favorite recreation with him most of the time since. In 1908 he ciphered there three times within four days. Walter would undoubtedly have pitched all four games for Washington in that series, had he not been injured while whitewashing New York for the third time.

As a kalsominer, Johnson is in a class by himself. In his first seven seasons he pitched forty-four shut-out games, a record unequalled by any other human being, past or present.

GOOD COMEDY IN A TRAINING CAMP

It is not all a serious grind in the training camp, as the story of a little comedy enacted for the benefit of unsophisticated fans at Americus, Ga., by players of the Cleveland American Association team testifies. Manager Sheppard had his men playing a practice game among themselves and a goodly portion of Americans was looking on, says a writer in the Sporting News. The game went along smoothly enough at the start, but in the second inning Devogt, catching, roared to heaven at a ball called on Sheppard, batting, by the umpire. When Louie Van Oeyen, Cleveland photographer and umpire behind the bat, called Rube Morton's next offering a ball also, Devogt swung on him with his big catcher's mit. Van Oeyen, however, was nimble enough to dodge and escape.

"That'll cost you five," Van Oeyen ruled, and Devogt, without any further ado about it, peeled off the cover of a bill roll he was carrying in the hip pocket of his uniform and paid up, much to the astonishment of the fans, who had never seen ball players who paid their fines on the spot. But more surprises were in store.

Jim Baskette, playing second, rushed across the diamond followed by Van Oeyen's next decision and boldly pulled his nose. Van Oeyen fined him \$50.

"Can you change a hundred dollar bill? It's the smallest I have," Baskette asked. Van Oeyen couldn't produce anything smaller. "Couldn't you excuse me a minute, Mr. Van Oeyen, I'll see if Mr. Bluhm has the change," said Baskette, and ran over to the first station, where Bluhm pulled out an enormous roll and counted out the change in ones, while the crowd just sat and gasped.

A couple of innings later, when Gardner was fined for sassing back, he held up the game for fifteen minutes while he canvassed the crowd to find a blank check and a fountain pen, then he calmly sat down in the middle of the field and calmly wrote a check for \$10 payable to the order of L. Van Oeyen.

It wasn't until Van Oeyen attempted to fine the field umpire for butting in on a home plate decision that the fans began to realize that they were being hoaxed. The burlesque, conceived and rehearsed by Van Oeyen and Baskette, was worked out with stage money, four pounds of it, shipped down to Americus by an Atlanta business college.

IS DRIVING NEW 1915 REO AUTOMOBILE

Mr. Geo. H. Randall of East Seventeenth was seen on the streets this morning in his new 1915 Reo touring car, which was delivered yesterday by Wisdom & Company, local Reo agents.

SOME LINES IN MEMORY OF RUBE WADDELL

When in praise to the stars of the present day,
Your voices you gladly raise,
Think of the one who has gone before,
The star of former days.

When Walter J. was still a youth,
And Russell was a boy,
The pitching deeds of Rube Waddell
Thrilled many a fan with joy.

They speak of Walter Johnson's speed,
Of Woods' "smoke" ball as well,
Think of the speed of the southpaw king,
The speed of Rube Waddell.

They talk of Bender's mighty curves,
Of Rucker's famous drop,
But Rube Waddell had everything
From a slow one to a "hop."

One hears much of the pitcher's skill
And of the hurler's spell,
Just ask the batters Rube has faced
Of the skill of Rube Waddell.

But time has claimed its victim,
And Rube has heard the call,
No more will Waddell toe the slab,
No more will he play ball.

No more will batters fear his skill,
For Rube Waddell is gone,
No more will he mow the batters down,
As he always has done.

So, when you talk of Johnson,
Wood, Bender and the rest,
Just speak one word for Rube Waddell
When he was at his best.
—Harold Skelton in Sporting News.

LINES TO THE ELUSIVE PILL

Roll on, thou ball, roll on!
Through countless paths of space,
Roll on!
What though there be three men on base,
What though three runners cross the pan,
What even though I get the can—
Never you mind!
Roll on!
Roll on, thou ball, roll on!
Evade my eager clutch—
Roll on!

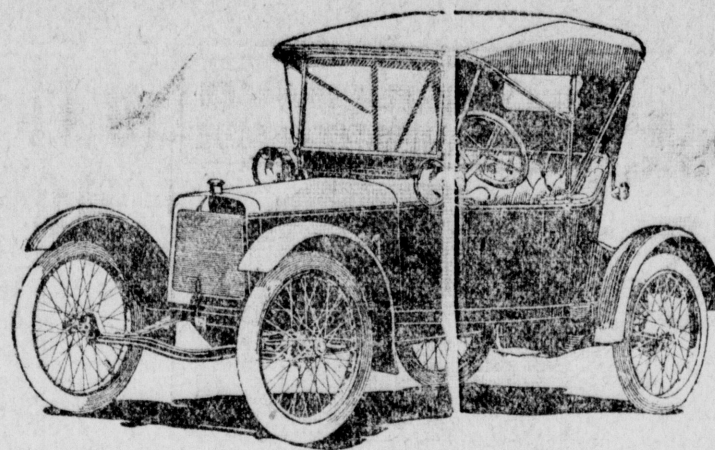

It's true, alas, that I'm in Dutch,
It's true my hobble lost the game,
It's true that I must bear the blame:
But keep on rolling, just the same—
Never you mind!
Roll on!

—By L. C. Davis, in Sporting News.

SAXON has arrived

A Good
Low-Priced
Car

\$469
in Santa Ana

A Real
Auto at

\$469
in Santa Ana

STANDARD CONTROL

A high-grade, well-designed, carefully built, light-weight automobile, with four-cylinder motor, standard tread, standard features; produced by an experienced, soundly financed organization.

The Saxon is not a cyclecar, but a real automobile—the first car to offer all the essential features of standard motor car practice at a price under \$500.

The Saxon meets the demand for a low-priced car that is both good and good-looking. It is a big car for the price, with 96-inch wheelbase; roomy, comfortable body; ample leg room; generous doors.

There is nothing skimpy or cramped about the Saxon. Molded oval fenders, tapered bonnet, streamline body, graceful, sweeping curves make this car a delight to the eye. The Saxon has style.

The Saxon is a car of the widest usefulness—a source of pleasure and health for the man of moderate means; a great time-saver for salesmen, physicians, contractors and all others to whom time is money; an economical convenience for the man who already owns a big car who can use the Saxon to better advantage than his big car for running about town and in a dozen other ways.

It is a car for the young man—or for the young couple. In a Saxon two people can enjoy all the pleasures of touring at a cost so low as to be negligible.

SAXON FEATURES

4-Cylinder motor, water cooled.
Standard Tread, 96-inch Wheelbase.
Left Drive, Center Control, enter from either side.
Sliding Gear Transmission.
More leg room than in high priced cars.
Streamline Body.
Honeycomb Radiator.
Dry Plate Clutch.
Good Looks.
Light Weight.

Wire Wheels.
Low Upkeep.

We can easily sell more Saxons than our allotment calls for, so get in your order early if you want one.

Waffle & West, 417 W. Fourth St.

The Orange County Auto League

421-423 West Fourth Street

Auto Owners: A membership in this league pays you a dividend on every purchase and saves you money on your vulcanizing and ignition work. We have a full line of auto accessories, and tires carrying guarantees from 3500 to 7000 miles. It's a pleasure for us to give you any information you desire in our line.

Vulcanizing with Steam Heated Appliances

After May 1st our new electrical department will be in operation. We are installing the best equipped electric plant on the coast and will be in shape to take care of any electrical work in connection with the auto.

Our Electric Re- Charging Plant

Is the system we use and is the only safe system. It is impossible to burn or otherwise injure tubes or casings by our method. Our equipment is the most approved and we do only first-class work. Every job is guaranteed.

Santa Ana Vulcanizing Works

421-423 West Fourth St.

Santa Ana, Calif.

5 passenger R. C. H.
2 passenger Maxwell "30"

Guarantee Garage, Corner Second and Bush

It Takes Six Weeks to Build

Reo the Fifth

Come See the Result!

It takes six weeks to build Reo the Fifth from the steel to the finished car. And it took 27 years to learn how.

The requirements for every part and material are based on 10,000 mile tests.

A similar car, built by other standards, could be built in our factory for one-fourth less.

Come see the result of this extra time, this extra care and cost. Then judge if you want your next car to be built like this.

Is This Too Good a Car?

Note the Price

Note first the price of our latest model—\$1,175 f. o. b. factory, with electric starter, electric lights and complete equipment. Last year's Reo the Fifth, with electric starter, sold for \$1,395.

So we have saved you \$220 in a single year without skimping the car in the slightest. In fact we have added some scores of improvements, including this beautiful stream-line body and many new ideas in equipment. This is largely the result of confining our output to this one perfect chassis for years. All the cost of our special machinery has been charged against previous output.

What You Get

At this price you get a car

built by R. E. Olds after 27 years of car building. A car which marks the best he knows. A car built slowly and carefully, with countless tests and inspections. A car in which every driving part is given 50 per cent over-capacity. A car built regardless of time or cost, to give you the utmost in a well-built car.

Our Extremes

One whole building is devoted to the testing of parts and materials. All steel is made to formula, and each lot is analyzed twice. Gears are tested in a 50-ton crushing machine. Springs are tested for 100,000 vibrations.

There are 15 roller bearings in this car and 190 drop forgings.

Each engine is for days submitted to five radical tests.

Each tested engine is taken apart and inspected.

The clutch costs twice what a clutch need cost, but it avoids the damage done by clashing gears.

It Stays New

The result is a car which stays new. A car built to run as it runs today after years and years of service. A car which will save you hundreds of dollars in troubles, repairs and upkeep.

These things are of prime importance to men who buy cars to keep. They are so important that experienced motorists by the tens of thousands are coming to this car.

Come and give your verdict. And please come early. Every spring the demand for this car is twice our factory output.

Wisdom & Co.

Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, April 23.—Even Russia is perking up and taking a decided interest in sports. With France maintaining an "athletic university" and Germany and England giving attention to the sport field, Russia has now joined the general rush to get board the wagon.

A grant of \$12,500 has been made by the Russian treasury for the organization of the new government department of Physical Culture, pending the appropriation by the Duma of a considerably larger amount for the first year's work. General Voyokoff, the chief superintendent of the new department, and his assistants are now busily engaged in revising the statutes of the different sport organizations which will hereafter be under control of the new department. The statutes are to be revised so that their various activities may be co-ordinated and friction avoided.

On the board of management is a representative from each of the government ministries and from each of the seven sport leagues—Heavy Athletics, Light Athletics, Lawn Tennis, Football, Rowing, Sailing and Fencing. The work of the department will be distributed in six sections—hygiene and physical exercise, educational, sports and gymnastics, propaganda, statistical and inspection. Czar Nicholas has watched the development of the department with the warmest interest and has made a number of personal suggestions regarding its organization. The department expects to conduct an all-Russian Olympic games meeting, at Riga in July. Evidently everybody is inspired with an ambition to "lick Uncle Sam at something. And everybody's welcome to take a crack. Driving competition means that the standard of American athletics will have to be raised gradually, but with the lead this country has it should be many years before we are unhorsed.

In discussing the American golfers in England to compete for the English amateur title, the London Daily Mail made a real discovery for the English and wrote about it. The Mail hit pretty solidly at the secret of American success in the sport field when it said:

"It is the spirit of foresight, perseverance, and minute attention to details that has brought American victory in so many and such varied branches of sport, and it is precisely this spirit we in Britain, as a rule, lack, as we are as deliberately casual as our foreign—especially American—competitors are deliberately careful, in that they bring to these international contests extra keenness,

stantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; stiffness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed, nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement

stronger desire to win, and sounder and more scientific habit of insurance against risks and far greater readiness to submit to necessary trouble and discipline."

"Thoroughness" is the watchword in American sports. In baseball the game has developed until the master mind with an inferior club may lead a better team with inferior leadership. It is the attention to detail, the careful planning of attack and defense that wins ball games, as well as the slugging of the batsmen and the work in the field.

In track and field sports, look back over the strides that have been made during the past ten years. Records have constantly been lowered, due as much to "form" as to the development of a higher type of athlete. Not many years ago hurdlers were toppling the sticks by "taking off" from the left foot and then gracefully curling the right leg with a bend at the knee as the hurdle was cleared. The runner cleared the hurdle by several inches. Then Kraenzlein introduced the "split." Instead of wasting time in sailing gracefully over the hurdle, the right leg was lifted forward and upward straight out. Extra effort was put in the take off, but not so the hurdle would be cleared with inches to spare. The clearing of the hurdle has now been "boiled down" until the fastest men make it with what is little more than a long, high step. In all running the arms have been brought more into play. It is recognized that a man, especially a sprinter, may run with his arms almost as much as with his legs. The straight up and down "pumping" of the arms, bent at the elbows, by which the sprinter literally lifts himself along, coupled with the up and down action and "reaching" with the legs has slipped seconds off every record. It is long since you have seen even a high school runner kicking his heels up in oak. It is now a case of reaching forward, lifting the knees high, and avoid every lost motion.

Commenting further on the lack of attention to details by the English, the Daily Mail said: "The consequence is that we rarely turn a potential first-rate man into an actual first-rate man." That is where this country now shines at its best. The training methods, the years of study which have been given the various sports by the men interested in them, have brought out "form"—the result of superior training—which makes a trained man of mediocre ability better than a man of great native ability but no training, and lifts the man of natural ability from the class of the ordinary performers to that of the record holders.

ANAHEIM WILL MEET LOCALS

Third Game of County Baseball Series to Be Played Here Tomorrow

The boys from Anaheim come tomorrow to try their luck against the ball tossers of the county seat. Anaheim will meet the Poly High boys Friday afternoon in the third of the county series for each team. The game has been moved up a day so as not to interfere with the county Y. M.C.A. Triangle League meet of Saturday.

Comparative scores give Santa Ana the edge in tomorrow's game. Fullerton has slipped it over Anaheim in practice, and the "wets" were barely able to nose out Huntington Beach in a practice game, 4 to 3. But baseball is always uncertain and comparative scores count for little. Santa Ana will go into the game expecting to have to fight it out to the end of the ninth.

Fillmore is planning a "big day" for May Day, and has invited the Santa Ana High team to meet the Fillmore High team. Manager Morrison is trying to arrange the schedule so that the local boys can get the trip. Orange has refused to change the date of the county game, which is set for May 2. However, if train schedule can be arranged satisfactorily the boys will try to make the trip anyway.

Huntington Beach is to furnish the "ump" for the game tomorrow. Game called about 3 p.m.

TO ALL GAS CONSUMERS

—Natural Gas is now being delivered to you through our distributing system. The change from artificial to natural gas may necessitate some adjustments in your appliances. This the company will do free of charge as soon as possible. It will require considerable time to do the necessary work and ask that you exercise a liberal amount of patience until this work is completed.

EASTERN TRY OUT CARLSON'S MOTOR COMES SATURDAY

Billy Carlson, winner of third place in the Santa Monica Vanderbilt, will try out one of the special built Maxwells on the Indianapolis speedway Saturday. The car, which is guaranteed to attain a speed of 120 miles an hour, was built at a cost of \$18,000 and almost entirely of foreign-made parts. A great percentage of racing fans all over the country expect this special Maxwell to do some record-breaking on the Speedway Memorial day. Three of the Specials have been entered in the 500-mile fight. Teddy Teitzlaff will drive one of them.

TOM DALY GIVES SOME HINTS TO ASPIRING PITCHERS

Tom Daly, once a leading National League catcher, who is coaching the Yankees' pitchers, says the secret of good box work is putting the ball over or near the corners of the plate as often as possible, says a writer in the Sporting News. Daly goes back into baseball history to prove that the greatest pitchers were those who mastered control and always kept the batsman in the hole. He says that a curver who gets two strikes on a batter with as many pitched balls, holds the whip hand, whereas the boxman who finds himself in a fix with "three and two" usually comes to grief when he puts the next one over. "Get a grip on the man at the plate right off the reel," says the veteran coach, "and he'll do the worrying, not you."

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold. Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

MOTORBIKE RIDERS PLAN A JAUNT TO SMITH MOUNTAIN

Armin Herold, the Indian agent, is making preparations for a big motorcycle jaunt to Smith Mountain, to include riders of all makes of machines, which will be held Sunday, May 3. Herold says that there has been a feeling heretofore that the trips he has organized were to be taken in part by Indian riders only. That is not the case. No make of machine is barred.

Motorcyclists have been evincing a great deal of enthusiasm about the forthcoming trip to Smith Mountain. Judging from the interest displayed there will be from thirty to forty machines in line when the journey starts. The trip will be one of the most interesting that it is possible to take in the southern part of the state.

Complete details of the trip will be announced later.

THE WISDOM OF OLD HONUS WAGNER

Old Honus Wagner does not say much at any time or any place, but he handed Howard Camnitz, the old time Pirate and now a Federal League recruit, a rather severe call down recently. Meeting Camnitz on the street in Hot Springs, the veteran was going to pass his old pitcher by when Camnitz stopped him and insisted on knowing what was the matter, says a writer in the Sporting News.

"I'll tell you," said the Dutchman. "I had nothing to say when I heard you had jumped, for that was your own business. Even when I heard you were trying to get older men to join I felt that it was strictly up to them. But let me give you a tip: Let the young fellows alone. They have a reputation to make and a future in front of them. Give them a chance and don't lead them astray. It is every man for himself in this game and everyone knows his business, but you trouble-makers can get a lot of innocent guys in wrong and a decent fellow won't do it. Keep off the kids, Cammy, and we old fellows will think a lot more of you."

It is believed that Wagner's quiet tip proved more efficacious in scaring off the Federals than did Dreyfuss' injunction.

WILL DRIVE CAR TO NEW YORK AND BACK

W. F. Suppe, display manager of The Owl Drug Company, is preparing to make an interesting pleasure trip by motor to New York and return. It is expected that the total mileage by the time of the return to Los Angeles will be 5000 miles.

His Chalmers car will be equipped so as to provide as many comforts while en tour as possible. There will be emergency camping equipment, so that if it is necessary roadside stops may be made for the night.

"I am going for pleasure alone," said Mr. Suppe yesterday. "Incidentally, I will do all the advertising for Los Angeles and Southern California along the route that I can."

LAGUNA AUTO STAGE
Peacock's Laguna stage leaves the White Cross Drug Store, Santa Ana, daily for Laguna Beach at 4:15 p. m.

YOUNG FULLERTON HEAVER WILL JOIN HELENA BALL CLUB

Herbert Salvesson, the Fullerton boy who broke into professional ball this season as the result of having been picked up quietly by a wide-awake scout of the Portland Beavers, will be turned over to Jesse Carrell's Helena Club of the Union Association if he agrees to release. So says a dispatch from Portland, dated April 21. "Salvesson needs more experience," says the Los Angeles Examiner, "and McCredie wants him to join the Helena team."

FINE COACHING STUFF FOR HUGHIE JENNINGS

Hugh Jennings, who has made himself and the Tigers famous the country over by his unusually weird methods of coaching, has found a new source of supply for his stuff, says a writer in the Sporting News.

Hughie will coach in Hawaii during the coming season. Already he has taken a course in the Hawaiian language from John Brodie Williams, the Tigers' pitcher from Honolulu.

"Weeki-weeki," yells Hughie now and the Tigers know he means "watch out!" "Weeki-weeki" is the Hawaiian warning. How it is spelled Hughie has failed to find out. He doesn't have to spell it, however.

Most of the Hawaiian words that Hughie uses sound like a cross between a Chinese laundryman trying to say "yes" and the cackle of a satisfied hen. But they all have their meaning to Williams and he is instructing the rest of the Tigers in their use.

Little Acosta, the Cuban with the Washington Senators, coaches in Cuban or Spanish or whatever language they use in Cuba. He is said to be able to express a more definite and accurate opinion of the umpire and get away with it than anybody in base ball.

Williams hasn't taught Hughie the words for "robber" and "porch-climbers," but they will be added to the list as soon as Detroit is reached. It is useless wasting good breath on most of the umpires the bush teams furnish.

LELIVELT LEARNED NEVER TO TRUST ANYBODY

"I have learned never to trust anybody," said Jack Lelivelt of the Cleveland Naps.

"Why this cynicism, Jack?" asked a friend.

"It's on account of a game of ball," he said. "We advertised a game between Pittsburgh and Chicago one fall after the season and most of the players left town, so we had to fill in. Lelivelt was carded to pitch and he was gone, so the Cubs wanted me to pitch left-handed and pose as Lelivelt. They promised to go easy and not hit hard."

Jack looked sad a moment.

"Well," was asked. "The first nine of them got base hits," he said, sadly. "Then I yelled for mercy and they made two home runs in succession. No, I'll never trust anyone again.—Sporting News."

The Mechanical Construction of This-- The World's Greatest Motor Car Value --Could Not be a Bit Finer

The fundamental construction of the Overland could not be a whit better. To be sure it could be made more extravagantly and more richly, but that does not necessarily insure a more practical service.

A \$1000 dining-room set might be more elaborate than a \$250 dining-room set, but the \$250 dining-room set is just as substantial; just as lasting; just as serviceable; just as beautiful; just as ornamental, and, in most cases, is 100 per cent more practical.

The Overland motor is the same in principle, design, action and fundamental construction as the motor used in the \$3000, \$4000 and \$5000 cars!

The Overland frame is of open-hearth steel, identical with that used in the \$3000, \$4000 and \$5000 cars!

The Overland steering-knuckle bolt is of 3 1/2 per cent nickel steel, just the same as those used in the \$3000, \$4000 and \$5000 cars!

The Overland drive pinion is of 3 1/2 per cent nickel steel, the same as used in the \$3000, \$4000 and \$5000 cars!

The Overland live axle, which is the driving shaft of the rear axle, is of chrome nickel steel, the same as used in the \$3000, \$4000 and \$5000 cars!

The Overland front axle, a one-piece drop-forging, is the same as used in the \$3000, \$4000 and \$5000 cars!

The Overland steering knuckle is the same as that used in the \$3000, \$4000 and \$5000 cars!

The Overland radiator in quality is the same as used in one of the most prominent \$4000 cars!

The Overland fenders, in quality and material, are the same as used on the \$3000, \$4000 and \$5000 cars!

We use more aluminum, on larger and more important parts, than any other manufacturer in the world. Where others, and often makers of \$5000 cars, use cast iron at 3c per pound we use aluminum at 28c per pound.

Each separate Overland test and inspection for quality of material and accuracy of machining is far more thorough than the methods used by manufacturers of \$3000, \$4000 and \$5000 cars.

Each Overland chemical laboratory test, to determine the analysis of each piece of steel used in the construction of the Overland is far more thorough than the methods used by manufacturers of \$3000, \$4000 and \$5000 cars.

A microscopic and detailed dissection of high priced cars proves that fundamentally the Overland is as high in quality and as carefully manufactured as the most expensive cars made.

The significance of these facts should mean much to those who expect to buy a car. A practical demonstration will mean a great deal more.

Telephone the Overland dealer and make your appointment as early as possible.

MAIN AUTO CO.

F. L. Austin

OVERLAND SALES TAKE BIG JUMP

"California prospects were never brighter from a motor car standpoint. In a very short time I expect to see the entire Golden State so supplied with automobiles that there will be a car for every ten or twelve inhabitants. This conclusion is forced on me after nearly two months of investigation of the motor car situation, and I have gone into it thoroughly."

The above statement was made by John N. Wyllis, president of the Wyllis-Overland Company, of Toledo, Ohio, and head of half a dozen other big firms prominent in the motor car industry, in an interview a few days ago at his winter home in Riverside. The motor car king was smilingly enthusiastic, and to all appearance had considered his California trip a profitable one, especially from a business standpoint.

"The real object of my trip was to find out the secret of the success of our California distributors, J. W. Leavitt & Co., who have headquarters in San Francisco and branch houses in Los Angeles, San Diego and other important cities. You see, even though the Overland car has met with marvelous success, a single order for seven thousand automobiles is still extraordinary enough to get us a little excited. That is the number of Overlands ordered by the Leavitt Company for the season of 1914, and when it came full five months before our model for this year was announced, it naturally aroused my interest. That was about a year ago, but at that time I determined to take a run out to California and see for myself what this great state really means to the automobile manufacturer. My personal observation has certainly impressed on my mind that California is the leader of the country in the number of automobiles owned."

DREW EQUALS RECORD.

Great Negro Flier Travels 100 Yards in 9 3-5 Seconds.

Howard Drew, the negro sprinter, has accomplished what was considered almost impossible. In a recent track meet in California the dusky flier traveled 100 yards in 9 3-5 seconds, equaling the world's record, held by Kelly for so many years.

Drew's race was run under perfect conditions, and there is little doubt

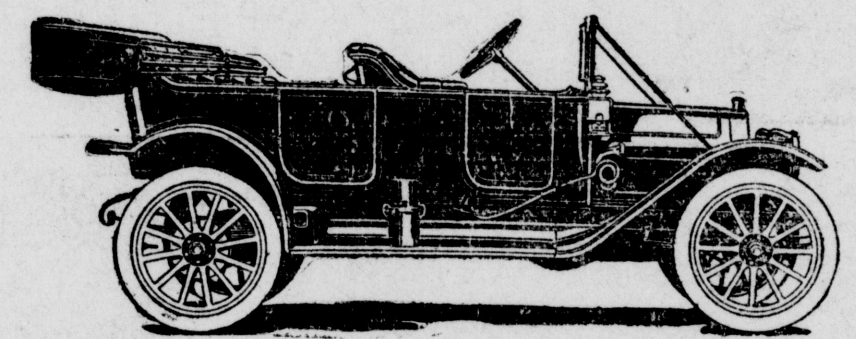

Photo by American Press Association.
HOWARD DREW.

that the Amateur Athletic union will allow it to stand. It will be remembered that when Kelly made his record there was a fairly strong wind blowing down the track.

Drew says that the Pacific coast climate is better suited to record breaking performances than the eastern air and expects to clip one-fifth of a second off the present mark.

Maxwell "25"

There are others as good but none for less than \$1000!

SURE LOTS OF THEM—Plenty of dealers right here in the city can offer you a car that will probably stand up as well as the Maxwell, that will look as well—but—

THAT'S THE BIG WORD—that "but"—but when you ask them the price—then is when you realize where the Maxwell leads.

FACT IS! The Maxwell offers you just as much—if not more—for that \$750 plus the freight—than you can get in many cars for as high as \$1500. There's not so much of importance after all in the amount of material that goes into a car—but who builds it.

ANYONE CAN TAKE twenty-five cents worth of paint and a canvas and put the two together—but that doesn't make a painting. It's ability—coupled with proper workmanship.

AND THAT'S JUST WHY the Maxwell offers you such a remarkable value. It's produced by men of ability—artists, we might say—everyone of them—and they know how the steel—the aluminum—and the different parts must be put together to make a real car.

AND THEY ALONE are putting these materials together in the right way and selling the finished product to you at the price you want to pay.

BUT GETTING DOWN TO THE GROUND—we ask you to come and look over the Maxwell—inside—inside—every detail—then compare for yourself. We do not ask you to take our word—you do not have to believe one thing we say—but certainly you will believe yourself when you do your own comparing.

A "REAL" CAR—that's the secret—built as you want it built—looks as you want your car to look—as your wife wants it to look—and, best of all, at a price that will make your pocketbook smile.

NOW WHAT IS THERE about the Maxwell proposition that doesn't suit you? Certainly you will have a look at it—take a ride with us—and give us an opportunity to make you understand why it is the "Biggest" Car in the world.

JUST A FEW FEATURES for you to think over in making your decision. Irreversible steering system—high tension magneto—three-quarter floating rear axle—double jet carburetor—Jiffy curtains—classy appearance—and perfect finish inside and out.

KEEP THESE POINTS in your mind when you look at other cars anywhere near the price. You'll see then why we say there is a difference between a low-priced car and a "cheap" car.

The Sensation of Every City --That Light Lozier Four

LOZIER HAS LED THE WAY back to sanity by the introduction of its good, economical, high quality, moderate priced Four.

AND HUNDREDS ON HUNDREDS this year will follow the line of least resistance, the line of common sense and sound engineering principles, by investing a comparatively small sum in the light weight Lozier Four.

THIS LOZIER LIGHT FOUR is the sensation in every city—has created more enthusiasm in New York city and Chicago this season than any other car in any price or in any class.

EVERYBODY WHO SEES THE CAR spreads the good news and it is today the most talked of car in America.

RUNNING FULL CAPACITY—the Lozier factories are striving to cope with the demand—but cannot. First come, first served, is the rule. We have our orders in for big shipments and are receiving cars nearly every day, but the demand is ever growing, never ceasing, so if you wish to invest in a new car this spring you should call and look over this new moderate priced Lozier and have us give you a demonstration.
